WIDOW'S CHARGE REFUTED BY AIR QUIZ WITNESSES

Mrs. Lansdowne Declared to Have Understood Foley Statement Merely as Memorandum

(BY A. P. NIGHT WIRE)
WASHINGTON, Nov. 18.—Striking to the heart of the charge of Mrs. Margaret Ross Lansdowne that its judge-advocate, Capt. Paul Foley, had sought to sway her testimony, the Shenandoah naval court of inquiry heard four witnesses in rapid succession today, and will listen tomorrow to Capt. Foley's own version of the affair.

High lights in the day's testimony were that Mrs. Lansdowne understood fully that the statement prepared for her by Capt. Foley was only a memorandum offered for her assistance in preparing her statement to the court, and that the captain, as judge-advocate, had argued with the Shenandoah commandant's widow that she could not call the fatal flight of the ship a political one.

Mrs. William B. Mason, aunt of Mrs. Lansdowne, and Mrs. Josephine Foley, wife of the accused naval officer, testified concerning the interview between the captain and the widow, both declared that the captain had argued with her against characterizing the mid-air collision of the ship as a political flight.

Mrs. Mason said she did not pay particular attention to this part of the conversation, but Mrs. Foley declared her husband had said that Mrs. Lansdowne could have seen the many requests received by the Navy Department that the Shenandoah be sent to the Middle West, and would not regard the flight as a political one.

INTERVIEW FRIENDLY
Mrs. Foley testified that the whole interview had been in a friendly spirit. She quoted Mrs. Lansdowne as saying she felt rather foolish in appearing before the court because everything she said would be put in the public press.

In the record, but that since Secretary Willard had contradicted her statement that her husband had protested against the flight, Mrs. Lansdowne should appear.

Mrs. Foley said she should to away with the testimony with respect

The Little Red School House

RED SCHOOL FOUND IN CITY

Communist Propaganda Openly Disseminated at Workers' Party Meeting Place

A Communist school for future Red leaders, which seeks to inculcate the theories of Lenin and admittedly "the first step toward Bolshevism," has been running full blast each Sunday in room 202 at 224 South Spring street, it was learned yesterday from local investigators and dispatches published in the Daily Worker, official Communist organ of Chicago.

The Los Angeles school is part of a movement being carried on throughout the United States according to the statement of C. A. Hathaway, Workers' party organizer, which was carried by the wires of the Associated Press from Minneapolis Tuesday night.

Hathaway said the schools are being carried on in the leading American cities to teach the theory of the Constitution and also to off-set American Educational Week, now in progress, by spreading Communist literature through the public schools.

A State law prohibits promiscuous scattering in the schools of reading matter unapproved by the authorities. It was said at the office of Mrs. Susan M. Dorsey, Superintendent of the Los Angeles public schools, that no such schools are being carried on in the city.

The Spring-street school, according to the Communist newspaper, has been giving courses in history of the labor movement, public speaking, Marxian economics and history of the Socialist movement, and will be followed by other courses in "Communist policies, tactics and strategy in all phases of the class struggle."

This school was raided by the police radical squad March 17, 1923, and the school was closed for a time.

Interest in the courses is being shown by the students, the dispatch to which the Worker declares, "as without a revolutionary theory there can be no revolutionary movement."

Another local activity is described in a dispatch from Los Angeles to the Young Worker, published by the Young Workers' party.

REPUBLICAN CRUSADERS CALL ISSUED

Congressional Campaign for Next Year Formally Opened in Ohio

(BY A. P. NIGHT WIRE)
YOUNGSTOWN (O.), Nov. 18.—A call for militant crusaders who will preach the faith and the principles of the Republican party, was issued here tonight by Chairman Butler of the Republican National Committee, in an address formally opening the 1926 Congressional campaign.

"The elections of next year are of vital importance," he declared. "On their final outcome will largely depend the ability of the President to carry out the program which the people have elected."

"We must fight for victory," he said. "We must fight for the principles of the Republican party, for the principles of the American people, for the principles of the American Republic."

"We can truthfully say, confidently, that the Republican party is united, courageous and looking forward to new victories. We can also say that the Democratic party is no nearer united than ever, and that it is in a state of confusion and disarray."

Charging that the Democratic party leaders are endeavoring to set on foot a warfare of investigating charges and accusations, he said that he has heretofore declared the people will not be fooled by the tactics of the party.

"It is a year ago," he said.

PRESIDENT'S FATHER FAILS

Col. Coolidge Reported Slightly Worse, But Doctors Find No Cause for Alarm

(BY A. P. NIGHT WIRE)
PLYMOUTH (Vt.) Nov. 18.—Col. John C. Coolidge, father of the President, failed slightly during the day, Dr. Albert M. Cram, his physician, said after an hour's visit with his patient late today.

Col. Coolidge, who has been suffering from a recurrence of heart block, an ailment which caused serious concern last spring, took to his bed again after having sat up for a short time after noon.

Dr. Cram announced he would confer by telephone tonight with Dr. Paul D. White, Boston specialist, who was called into the case last night.

FAILS SLIGHTLY
"Mr. Coolidge has failed slightly during the day," Dr. Cram said after his afternoon visit. "His appetite, while poorer and he has had another series of heart blocks. Besides this, the heart action has changed and the blocks, which formerly were regular, are now intermittent."

Dr. Cram indicated that he did not consider this a favorable development. He maintained, however, that the situation was not alarming. Asserting that there was

PEACE PACT RATIFIED

British Commons Passes Motion

Sympathetic House Votes to Approve Measure Almost Unanimously

Opposing Critics Satisfied on Question of Pledges to Continent

(BY CABLE AND ASSOCIATED PRESS)
LONDON, Nov. 18.—The spirit of Locarno pervaded the crowded House of Commons tonight when ratification of the European security pact—the treaty of mutual guarantees—was voted, 275 to 13. A Labor amendment was defeated previously, 323 to 132.

When the Speaker put the motion presented by Austen Chamberlain, Secretary for Foreign Affairs, calling for approval of ratification, there was an almost unanimous shout in its favor.

As the vote indicated, it was a sympathetic house which greeted Mr. Chamberlain on his appearance in Westminster to render an account of his stewardship at the recent international conference at Locarno and seek authority to sign in London on December 1, the treaties initiated there.

After the Foreign Secretary's recital of the Locarno proceedings, both Ramsey MacDonald and David Lloyd George paid tribute to his work.

The Labor leader said it had advanced the cause of peace substantially.

"I do not say that these treaties when ratified, will make war impossible," said Chamberlain, "but I do say they will render war infinitely more difficult. With these agreements in operation, it will be difficult for a signatory nation to make war without putting its position in the wrong before the whole civilized world, and bearing the odium of such wrongdoings."

SAVING CRITICS
The Labor and Liberal critics were thoroughly satisfied on the question of Great Britain's pledges to the European countries by the Foreign Secretary's explanations. Mr. Chamberlain made it clear that Britain's obligations were strictly restricted and that military intervention on the continent could not be brought about until the British government itself had decided that an asserted violation constituted an act of unprovoked aggression.

Some of the Egyptian officials who were invited to witness the examination of the body have returned to Cairo on the train to Cairo for the final stages of study and investigation.

Some of the Egyptian officials who were invited to witness the examination of the body have returned to Cairo on the train to Cairo for the final stages of study and investigation.

The greatest work of all the best goldsmiths and lapidaries of one of the supreme periods of art have been found heaped around the body of one boy. No such masterpiece exists anywhere in the world, according to the belief of Howard Carter and his associates.

HERO TAKES PLACE IN PATRIOTS' HALL

(BY A. P. NIGHT WIRE)
WASHINGTON, Nov. 18.—The national hero of the Dominican Republic, Juan Pablo Duarte, takes his place in the Hall of Patriots of the Pan-American Union today with the presentation by Minister Ariza of a marble bust of Duarte in the name of his government.

MAXIM SAILS TO GET HIS ALE

Investor Gives Friends Anti-Prohibition Book Before Embarking

(BY A. P. NIGHT WIRE)
NEW YORK, Nov. 18.—Dr. and Mrs. Hudson Maxim sailed today for their first trip abroad in twenty-six years, and one of the chief reasons for the trip, the aged investor said, was to get some ale and stout.

Dr. Maxim before the ship sailed distributed among his friends a pamphlet against prohibition.

"We will have to invent a new human race if prohibition is to be enforced," he said, "and that new race will have to be aided and abetted by the Anti-Saloon League. Drinking races already have dominated the world, and always will do so."

FRIENDS CROWD YARD

Dr. Maxim said that Col. Coolidge's evident resolution to get well was proving a great help to that end. If the patient's condition should grow more serious, Dr. Cram was prepared to call on the

ALCOHOL LID IS CLAMPED

Federal Permits All Revoked

Treasury Order Threatens to Start Legal Contest on Severe Ruling

Reissuance of Licenses After December 31 to Come Up Before Officials

(BY A. P. NIGHT WIRE)
WASHINGTON, Nov. 18.—Taking one of the most momentous steps since the reorganization of Federal prohibition enforcement began last April, the Treasury today revoked, effective December 31, every outstanding alcohol permit issued under the Federal prohibition law. Simultaneously, a sweeping investigation was begun to determine whether any or all of the permits shall be renewed.

As an immediate result, numerous court proceedings by permit holders were indicated.

Announcement of the revocation order quickly spread among lawyers who have devoted attention to prohibition questions, and some of them are understood to have advised their interested clients that injunction proceedings should be instituted immediately to compel the withdrawal.

The revocation decision was signed by Secretary Mellon and C. R. Nash, acting commissioner of internal revenue. Unless court proceedings cause a reversal, it will subject every holder of a permit desiring a new one to an annual investigation by the agents to determine whether there have been violations of law which would preclude a renewal.

Certain other features of the Treasury ruling also change existing procedure, the dispatch reads:

"All permits issued under title two of the National Prohibition Act shall expire on December 31, 1925, and thereafter all such permits issued prior to August 31, of any calendar year, shall expire on December 31, of the same year. All basic permits issued after August 31 of any calendar year, shall expire on December 31, of the succeeding calendar year, provided that the foregoing shall not apply to permits issued, after August 31, 1925 to expire on December 31, 1926."

NATIONAL GRANGE URGES STRONGER LAW

(BY A. P. NIGHT WIRE)
SACRAMENTO, Nov. 18.—Delegates to the National Grange convention in Los Angeles today adopted a half-day resolution, chief among which was the one urging the passage of a law to strengthen the National Prohibition Act.

With enforcement of the national prohibition law the center of attack the following report was returned by the committee on law enforcement:

"That the National Grange recommends penalties for the violation of the provisions of the Eighteenth Amendment be increased to include confiscation of property which is directly used in the manufacture and sale of liquor."

"That penitentiary sentences be imposed for the violation of the law."

"That the mass of our people openly and publicly express their disapproval of the law violations and thus develop a public sentiment which cannot be disregarded."

"That sentences which have been found guilty of violating the Eighteenth Amendment be deported to their native land."

RAILROAD INDICTED IN BEER-BURNING SCANDAL

CHICAGO, Nov. 18.—The Boston and Maine Railroad and employees were indicted today for the burning of beer.

KAISER COPIES OLD POMP

English Friend Describes Doorn as Like Potsdam After Visit With Ex-Emperor

(BY CABLE—EXCLUSIVE DISPATCH)
LONDON, Nov. 18.—"Just like Potsdam," is the impression of the former Kaiser's life at Doorn brought back by Alexander Carlisle, 71-year-old friend of the Kaiser, who has just spent a week-end at Doorn.

Carlisle, who is a member of King George's Privy Council and former head of the Belfast shipbuilding firm of Harland & Wolff, long has been known as an intimate friend of the former German Emperor, though the friendship ceased during the war.

He announced before his visit that it would be purely personal in character. On his return Carlisle emphasized the personal nature of the conference, but contented to talk of the regal state of Potsdam, which the Kaiser still keeps up.

"You can picture us as at dinner Sunday night," he said. "It was a most stately affair. Even in the old Berlin days there was no more ceremony."

GLITTERING UNIFORM
"The Kaiser, in glittering uniform: decorations and medals gleamed on his breast. The Kaiser was magnificently dressed. The staff were in uniform. I sat on the Kaiser's right. Next to me was a stately lord chamberlain."

"The Kaiser and I talked about all sorts of things—his visit to London in the war, the yellow peril, the future of the Kaiser, the future of the Kaiser."

"He stood erect in uniform and greeted me vividly, then I met the Kaiser's wife and two daughters. She is a charming woman."

"I was presented to the Kaiser in the afternoon. He was in uniform and greeted me vividly, then I met the Kaiser's wife and two daughters. She is a charming woman."

R DECLARED SLAIN

Asserts Lieut. Green Was Murdered Finding Clothes Far From Body

(BY A. P. MONT WIRE)
 Nov. 18.—The naval court of inquiry today found that Lieut. Nathan Green, U. S. N., was murdered. The court, which was held at the Naval Station, San Francisco, after a hearing of three days, returned its verdict at 10 o'clock.

STATE COAL MEN HIT BY TRADE BODIES

California Fuel Dealers Association Ordered End Assured Unfairness

(BY A. P. MONT WIRE)
 WASHINGTON, Nov. 18.—A resolution conference today considered the case of the California Fuel Dealers Association, which has been ordered to end its unfair practices by the Federal Trade Commission. The association, which represents fuel dealers in California, has been accused of engaging in unfair trade practices, including the use of force and intimidation to secure exclusive contracts with large customers.

AGE PLAN CONDITIONS

(BY WIRE)
 Nov. 18.—Co-operators, industrialists, and labor leaders today agreed on a plan for the development of the state's resources. The plan, which was adopted by the California Industrial Conference, calls for the establishment of a state-owned enterprise to develop the state's water and mineral resources.

HOUSE FREEDOM

CONFERENCE ON LANDS CALLED

Meeting to be Assembled by Secretary Work Settlement of Arid Areas in West Sought

(BY A. P. MONT WIRE)
 WASHINGTON, Nov. 18.—A resolution conference today considered the case of the California Fuel Dealers Association, which has been ordered to end its unfair practices by the Federal Trade Commission.

DRUG GROWS WILD IN NEW YORK

Addicts Stumble on Hashish Farm

(BY A. P. MONT WIRE)
 NEW YORK, Nov. 18.—A hashish farm, which has been discovered in the city of New York, is being investigated by the police. The farm, which is located in the city of New York, is being used by addicts to produce hashish.

SHIP WINS RACE AGAINST BLAZE

One Man Leaps to Death in Icy Waters Passengers and Crew Taken Off in Lifeboats

(BY A. P. MONT WIRE)
 NEW YORK, Nov. 18.—The Clyde Line steamship Lenape was destroyed by fire and scuttled in the Delaware breakwater today after a thirty-mile race from the open sea with flames sweeping her hold and roaring up through the cabins and decks and after all but one of 256 passengers and crew had been safely landed by Coast Guard cutters and pilot boats.

TEACHER TO ENTER RACE FOR SENATE

Stanford Man, Friend of Hoover, Throws Hat in Ring as Republican

(BY A. P. MONT WIRE)
 PALO ALTO, Nov. 18.—Prof. James M. Hyde of the department of metallurgy of Stanford University, today announced his candidacy for the United States Senate on the Republican ticket. He said:

Small Grand Pianos \$475 and \$595

TAYLOR WHIPS SARMIENTO IN OLYMPIC RING

OLYMPIC TEAM TO HONOLULU

Conquerors of California and Stanford on Way to Hula Land

(BY A. P. MURPHY) SAN FRANCISCO, Nov. 18.—The Olympic Club football team, conquerors of Stanford and California, and club champions of the Pacific Coast, left today for Honolulu to play an all-star aggregation there on the 29th inst. Coach Otto Hellmuth and twenty players trooped aboard the Wilhelmina after a parade down Market street, in which a band and hundreds of spectators participated.

DARTMOUTH UNABLE TO COME WEST

Manager Informs Alumni; Colgate Not to Consider New Year Bids

(BY A. P. MURPHY) SEATTLE, Nov. 18.—Seattle alumni of Dartmouth University, which has been under consideration with the University of Washington for a football game in the Rose Bowl at Pasadena, Cal., New Year's Day, were informed today that their alma mater would not consider such a prospect. It was explained that the snow is so deep around Hanover, N. H., the seat of Dartmouth, that enough practice to do the institution justice in a football game could not be obtained. The Pacific Coast intercollegiate conference, which is in charge of an East-West game

VETERAN BURNS UP PINE BOWL

Earl Travels at 138 Miles an Hour in Practice

Ties Mark Hung by De Paolo on Salem Speedway

All Other Pilots Entered Are Busy Overhauling Cars

Earl Cooper started the epidemic of record-breaking at the Culver City Speedway yesterday.

The veteran speed merchant turned the bowl at the rate of 138 miles per hour. This is the fastest time ever made on the Culver City bowl and it ties the practice record made by Peter De Paolo on the Salem (N. H.) speedway just before the inaugural race on the New England bowl. The performance marked the first official practice for the 250-mile championship classic that is scheduled for Sunday, November 29, on the world's fastest auto-race course.

KEEPS HIS WORD When the speedway officials announced that 120 miles an hour would be the qualifying speed for the coming Culver City race, Cooper was one of the drivers who was delighted with the ruling. He promised to qualify well over the required mark—and he kept his word.

As soon as Cooper's car was unloaded from the train he took it out to the speedway and the re-

THEY'LL BE HERE TOMORROW

NO DATE OFFERED ALABAMA

Gwynn Wilson Denies Southern Team Asked to Play Here

Alabama has not been offered a place on the 1926 U.S.C. grid schedule, according to Gwynn Wilson, Trojan graduate manager. Reports reaching here last night had it that Alabama had been offered a game for early next season. The dispatch from the southern seat of learning did not reveal the date, but said that the Alabama authorities would be glad to accept the game.

Wilson, over the phone, denied that Alabama had even been offered a contest. When asked what date the southern team would appear here, Wilson replied, "February 15." Figure it out for yourself, fans.

HOMER SMITH DROPS VERDICT TO ROMERO

(BY A. P. MURPHY) BERKELEY (Cal.) Nov. 18.—The threat of President W. W. Campbell of the University of California to call off the Stanford-California game next Saturday if it were found that the premature benefits of yesterday morning on the Stanc 4 campus was started by California students probably will not have to be carried out.

WONT CALL OFF BEAR-CARD GAME

(BY A. P. MURPHY) BERKELEY (Cal.) Nov. 18.—The threat of President W. W. Campbell of the University of California to call off the Stanford-California game next Saturday if it were found that the premature benefits of yesterday morning on the Stanc 4 campus was started by California students probably will not have to be carried out.

CONFERENCE TEAMS MIX

Southern California Loop Finishes Season Saturday With Trio of Games Carded

With two of the three games having a direct bearing on the championship, Southern California Conference teams wind up the 1925 season Saturday. Occidental and Southern Branch are now tied for the leadership, with indications pointing to nothing less than a dead heat after Saturday's encounters.

The Tigers go to Claremont for a joust with Eugene Nixon's Pomona College eleven. The Bengals should win. Southern Branch tackles Caltech at Pasadena. The Grizzlies should win. If either the Grizzlies or Grizzlies fall to win, the two teams will still be tied for the title, while if the wins or ties, while the other loses, it's good-night for the eleven on the short end of the score. Conference title rights prohibit any kind of a play-off. In case of a tie, the tie stands, neither Southern Branch nor Occidental being able to claim the crown by virtue of larger scores, better records or what have you. There seems to be little chance

GRANGE WILL PLAY SATURDAY

(BY A. P. MURPHY) URBANA (Ill.) Nov. 18.—"Red" Grange will play with Illinois Saturday against Ohio State even if he has signed a "pro" football contract, Coach Robert Zuppke declared tonight.

"Red" owes the sporting world nothing, Zuppke maintained, "and whatever he does concerning his future is his own business. When university athletic officials talked to him it was for 'Red's' own good and was merely to give him advice. Signing a contract will not make him ineligible."

INDIANA MAY BAR BIG BOUT

Title Scrap Will be Halted if Dempsey, Wills Violate Spirit of Boxing Law

(BY A. P. MURPHY) INDIANAPOLIS (Ind.) Nov. 18.—Foundations for a legal attack on the proposed Jack Dempsey-Harry Wills fight in Indiana, probably at Michigan City next season, were laid today when Atty.-Gen. Arthur I. Gibson of Indiana, gave Gov. Ed Jackson an opinion on the legality of the fight, which prohibits the meeting of Dempsey and his challenger.

"It is possible," Gibson's opinion said, "that these men might, without violating the law, meet for the single purpose of exhibiting their skill as boxers, excluding from their purpose the exchange of blows which would be calculated to determine superiority between them in their chosen and well-known profession. If this is the intention, there is no intended violation of the law."

Otherwise, he held, that such a meeting would violate the spirit of the Indiana law.

A distinction between "boxing exhibition" and "prize fight" is outlined in the Indiana law, which forbids the latter.

Articles for the match were signed some time ago with the two principals reaching an agreement on terms and condition of the fight with Floyd Williamson, a Michigan City promoter.

FILIPINO BANTY DROPS VERDICT

Terre Haute Terror Awarded Popular Decision

Rollinger and Lee Wrestle to Draw in Semi

La Cruz Decisively Wins Over Akol in Wild Go

BY PAUL LOWRY

For several weeks "Pinwheel" Pete Sarmiento has been itching for a real fight.

When he first came to Los Angeles, the praiseworthy thrower in with a couple of easy ones. Then he didn't sell. He craved action. He got it last night, and with it a licking at the hands of Bud Taylor, a sharp-shooter from Terre Haute, Ind.

Over 10,000 persons assembled within the Olympic palace of punch saw Taylor demonstrate his marvelous skill on the anatomy of the buzz-saw Filipino. It was a whale of a fight. There wasn't a moment when the boys weren't throwing gloves.

Taylor won by the simple expedient of beating Sarmiento to the punch, and taking one while he was giving two. Twice in the course of the ten rounds Sarmiento went to his corner wobbly from terrific rights to the head.

LEAD FOR FREE Taylor took quite a punishing in the early rounds to head and stomach, but when he got his man sized up, the blond sharpshooter went to work in earnest. His generalship was magnificent. Time and again he took left hooks to the head in order to smash home a crushing right. Taylor could have blocked those blows, but his right would have not been cooked ready for use.

As we looked the rounds the energetic little Filipino grabbed three, one was even and Taylor walked off with the rest.

The boys started off the opening span with a wild festival of blows. It was a four-round pace they were setting for ten rounds. The wonder of it is that they managed to hold it to the finish.

One of the big features of the fight was the total lack of clinching. Not once did the referee, Benny Whitman, have to come between the boys.

The first round was about even, but Sarmiento won the second

Yale-Harvard, Lafayette-Lehigh Elevens in Traditional Games Saturday

GRID CLASSICS ATTRACT FANS

EB Favored as Rivals Meet
Forty-fourth Time

Lafayette Hopes High for a
Victory Over Lehigh

Unbeaten Fordham Eleven to
Tackle Georgetown

(BY A. P. MONT WIRE)
NEW YORK, Nov. 13.—Two of the oldest classics of the gridiron are being played today. The Yale-Harvard game, which has met in a record total of fifty-eight conflicts, will take place at the center of the football stage Saturday for their final appearance of the 1935 season.

Although the Lafayette-Lehigh series does not date back as far as the Yale-Harvard game, the two teams have met in a total of fifty-eight conflicts, with Lafayette leading 30-28. The game will be played at the center of the football stage Saturday for their final appearance of the 1935 season.

Lafayette and Yale are the favored teams on the basis of their early season records.

HOPES DIMMED

Lehigh's outlook and enthusiasm were dimmed in no small degree a few weeks ago by the death of the team's star player, Charlie Proctor, whose spine was fractured in a game against West Virginia Wesleyan.

BRIGHTER HUE

Harvard's chances have taken on a brighter hue as a result of last Saturday's 1-0-3 victory over Brown, while Yale cohorts were being toppled by Princeton.

TAYLOR VICTOR OVER FILIPINO

(Continued from First Page)
Through a battery of lefts to the stomach and short swings to the head at close quarters, he kept beating in and with the same results, grabbed the third. Taylor's stomach and face were red from the impact of the blows.

BIG EDGE

The fourth went to Taylor by a big margin. He stabbed Sarmiento with straight lefts and had him wobble at the belt. Taylor's right hand to the head. The fifth was also his, but not by such a large degree, the margin being a right-hand smash just before the bell. Taylor took several punches to the face that hurt.

The seventh was another big Taylor round, dazing lefts to the head, keeping the Filipino at a distance, the blond lad whipping in right-hand uppercuts to the stomach and passing the Filipino over the head as he came tearing in. Taylor outlasted Sarmiento three to one in the eighth.

TERRIBLE AFFAIR

The semi-wind-up fiasco of six rounds between Lou Rollinger and Jack Lee was terrible. The latter made a wrestling and tugging match out of it, and Gene Delmont called it a draw, which was correct.

TUFFY WING LOSES TO SAM COMPAGNO

(BY A. P. MONT WIRE)
SAN FRANCISCO, Nov. 13.—Tuffy Wing, Portland lightweight, lost the decision to Sammy Compagno, San Francisco, after ten rounds of furious milling in the main event of the boxing card at National Hall here tonight.

UTAH UNIVERSITY BEATS WYOMING U

(BY A. P. MONT WIRE)
LARAMIE (Wyo.), Nov. 13.—An intercepted forward pass with a 45-yard run by Hoberg in the third period gave the University of Utah a seven to six victory over Wyoming University here today. Utah earned the extra point when Wyoming was adjudged off side while the try for point was being made.

HIT 'EM BELMONT

L. G. Ditzon, Belmont tackle hitting Chuck Bennett in a demonstration of how he will tackle Jefferson players tomorrow.

IOWA ELEVEN DUE TOMORROW

(Continued from First Page)
In the country, "Plover" Fr. a smashing 198-pound fullback, and Capt. "Tub" Griffin, 225-pound center, are the stars of the team.

Twenty-eight players are making the trip to the Coast accompanied by Coach Burton A. Ingwersen, former Illinois All-American, and assistant Coach Leland Parkin and Gordon Locke.

TROJANS PREPARE FOR SATURDAY'S GAME

Howard Jones's athletes seem to be in only fair mental and physical shape for the game. Reports from the inside say that neither Henry LeFebvre, fullback, nor Gordon, halfback, will be able to play.

ILLINOIS REDHEAD PROVES GREAT TOUCHDOWN MAKER

(Continued from First Page)
In the annals of fifty years of college football, there have been players great in different departments of the game. Red Grange is the great touchdown maker.

COOPER BREAKS CULVER MARK

(Continued from First Page)
New record of 135 miles an hour. Cooper towed his car back to the city and he says he will go out again before he has given it an hour.

MEXICO WINS by Knockout Over Dundee

Kid Mexico put Dick Dundee to sleep in the third round of their scheduled ten-round battle in the Wilmington Bowl last night, thereby bringing the total kayos for the evening's festivities to three.

ROMAN FLEAWEIGHTS DEFEAT KITEFLYERS

The Los Angeles High school 110-pound football team defeated the Franklin fleawrights by a 14 to 0 score yesterday afternoon. The team was responsible for both scores, one of which came in the second period and the final score in the third quarter.

HOCKEY TEAMS IN CLASH

Hollywood A.C. Meets Auto Club Sextet Tonight in Palais de Glace Contest

One of the hottest games of the hockey season is promised tonight when the Hollywood Athletic Club and Auto Club sextets meet at the Palais de Glace.

BELMONT PLAYS JEFFERSON

Junior City League Champions Tackle Democrats on Local University of California Field

Belmont High School, holder of the Junior City League football title, will step into the limelight tomorrow afternoon, when Coach Joe Hollinger sends his undefeated squad against the Jefferson High School on the local University of California gridiron.

After watching the Black-and-bunch to buck up against and Green-clad huskies go through a snappy workout yesterday afternoon, Jefferson's chances to annex an easy contest took a decided drop.

IOWA ROOTIN' SECTION--THAT'S WHERE THE CORNSTALKS WAVE

Waving cornstalks forming a huge fringe letter "I" will wave in the rooters' section representing the University of Iowa on the field at the University of Iowa stadium when the Hawkeyes will today take the field to meet the Los Angeles team.

ROMAN FLEAWEIGHTS DEFEAT KITEFLYERS

The Los Angeles High school 110-pound football team defeated the Franklin fleawrights by a 14 to 0 score yesterday afternoon.

Statistics of the Times' sporting department convened again last night and after an exhaustive comparison of country-wide scores, the Los Angeles team was declared the winner of the U.S.C. 23 to 0 after country-wide search.

GRANGE WILL TURN "PRO"

Reports Insist Famous Redhead Will Quit College Following Ohio-State Game Saturday

(BY A. P. MONT WIRE)
CHICAGO, Nov. 13.—It seemed certain tonight that Harold "Red" Grange will toss aside his amateur status to become a professional football player and also his college career, leaving the University of Illinois after the Ohio State-Illinois game at Columbus, Saturday.

HOCKEY TEAMS IN CLASH

Hollywood A.C. Meets Auto Club Sextet Tonight in Palais de Glace Contest

One of the hottest games of the hockey season is promised tonight when the Hollywood Athletic Club and Auto Club sextets meet at the Palais de Glace.

Leadership in the league is at stake in the game. The Auto Club is now on top, but victory for Hollywood will throw the race into a four-way tie.

Of the wings, Swindell is in the best condition, with McCusker and Clark rapidly rounding into form, while Herie and Wilson are close to par for the center position. Spry is improving steadily and is available as a substitute for either defense or wing.

IOWA ROOTIN' SECTION--THAT'S WHERE THE CORNSTALKS WAVE

Waving cornstalks forming a huge fringe letter "I" will wave in the rooters' section representing the University of Iowa on the field at the University of Iowa stadium when the Hawkeyes will today take the field to meet the Los Angeles team.

HIGH INTEREST IN MAT GO

Large Crowd Expected to Be On Hand When Siki Wrestles Jim Londos At Olympic Monday

With reservations piling in for Lou Daro's Monday-night wrestling card at the Olympic Auditorium, the pugny promoter believes he will draw a house that will rival the one of last week when Jimmy Londos grappled a terrific match with Champion Joe Stecher.

A CHUCKLE FOR EVERYBODY

LOCAL LAUGHS

Each week The Times produces a film entitled "Local Laughs," consisting of the fifteen best jokes submitted by local people. Weekly prizes are paid of \$5, \$10, \$25, and twenty of \$1 each. A list of theaters showing the film, together with rules for submitting jokes are given daily in a column in The Times. Prize-winning jokes, and names and addresses of winners, appear only on the screen. Jokes winning honorable mention will be given a page of honor on the Times comic page each week-day, and each of these contributions will receive a certificate of acknowledgment.

Irate father (to son caught smoking): Smoking, hey? Son: No sir, tobacco.

"Why should I take another chair? Don't you think I'm comfortable here?" "Yes, but I'm afraid the little kitten isn't, she's there too."

"Did you get the leeches I prescribed for your wife?" "Yes, doctor, but she ate only

three of them raw; I had to fry the rest."

The man who hides behind a woman's skirts nowadays is not a coward—he's a magician.

"Mother, does grandma sleep on her face every night?" "No, dear—why?" "Her face is always so wrinkled."

Teacher: How many ribs have you? Pupils: I don't know—I'm so awfully ticklish I never could count them.

"What's up, the house is full of smoke." "While says he has Pittsburgh on the radio."

"E. Scollery, 1682 1/2 West Twenty-fourth street, city."

KNAB is the official piano of this orchestra. They have also played for individual use as well as for the Zoellner Quartet.

A small payment now will make for Christmas

FITZGER MUSIC HILL ST. CO. AT

PROTEST AGAINST

ROLL ROYCE

AN AUTOMOBILE engineer of the Roll-Royce works and a long-time friend of the company said, "I don't see how it can stand that!"

Roll-Royce abandoned the method of testing the design of a car by driving it over rough roads being could withstand bumps and jolts involving a car over steel ties eight in diameter at an hour—the test Roll-Royce engineers.

The bump-test machine designed by the company is a six-hundred-pound machine which compresses into a space of more than 20 inches. It is a machine of more than 20 years' standing and is used under this test for every Roll-Royce car. The machine is a test for 100 miles an hour and is a test for 100 miles an hour and is a test for 100 miles an hour.

We should be pleased to see the meaning of "Roll-Royce" in a 100-mile trial trip, which will be a test for 100 miles an hour and is a test for 100 miles an hour.

CRAYER'S PHONE STAND SCORED

State Rail Board Head Says Mayor Fails to Help

Less "Politics" Suggested for Aid of Rate Payers

Chamber Launches Move for Study of Situation

BY A. P. MURPHY STAFF

SAN FRANCISCO, Nov. 18.—

Mayor Crayer of Los Angeles has

been of no assistance thus far in

siding to adjust telephone rates in

Southern California. President

Brundage of the State Railroad

Commission, said today in answer-

ing a statement by the Mayor yes-

terday, which charged the commis-

sion with assuming a mistaken

attitude on rate-making. Mayor

Crayer's statement related particu-

larly to telephone rate-fixing.

Mr. Brundage's statement said:

"Far be it from me to attempt

the impossible task of preventing

a politician from doing his polit-

ical stuff. I can only suggest that

if Mayor Crayer really wants to be

of service to the telephone rate-

payors of Los Angeles he will give

the Railroad Commission the bene-

fit of such information as he may

possess—if any. The suggestion is

made in view of the fact that the

Railroad Commission is the only

body clothed with authority to fix

telephone rates in Los Angeles.

"The Railroad Commission in-

stituted the present proceeding, its

engineers have made a careful

investigation of the telephone

situation in Los Angeles and the

commission has introduced every

exhibit except one that is of any

benefit to the rate payors. So far,

Mayor Crayer has not helped. If

in the future, he will lend his

assistance, the commission will be

pleased."

CHAMBER STARTS

INQUIRY MOVEMENT

The Chamber of Commerce yes-

terday launched a movement for a

committee to study the local tele-

phone rate situation, particularly

as metered phones are concerned.

Acting on suggestion of H. W.

Brundage, president of the State

Railroad Commission, President

Pridham of the chamber issued a

call to fourteen local associations

to join with the chamber in form-

ing such a committee.

President Pridham pointed out

that the chamber has urged the

commission to give further study

to the spread of rates and that

mandatory order for metered ser-

vice on January 1, 1926, be with-

held until a further check-up of

rates is made.

"The board of directors of the

Chamber of Commerce desires to

be eminently fair in the whole

matter," emphasized Mr. Pridham.

"We naturally want to see the

lowest possible telephone rates in

Los Angeles, but at the same time

we want also to see that the tele-

phone company get a fair return

on its investment, and one which

will permit it to expand facilities

rapidly enough to keep ahead of

the needs of Los Angeles."

Recipients of the chamber's sug-

gestion were: Los Angeles Realty

Board, Merchants and Manufac-

turers' Association, Retail Dry Goods

Merchants' Association, Motion

Picture Producers and Distributors

of America, Retail Furniture Asso-

ciation of California, Furniture

Manufacturers' Association, South-

ern California Hotel Men's Asso-

ciation, Associated Apparel Manu-

facturers, Los Angeles Clearing-

house Association, Southern Cal-

ifornia Wholesale Grocers' Asso-

ciation, Downtown Association,

business Property Owners' and

Managers' Association, Associated

General Contractors of America,

and Associated Secretaries of

Southern California.

PURPOSES TOLD

"The purpose of this committee

will be to determine whether or

not, in its judgment, the Railroad

Commission has made a sufficient

investigation of all angles, so that

any decision the commission may

render concerning rates in the

opinion of our business interests

will be based on the fullest pos-

sible information."

Mr. Pridham stated that Mr.

Brundage has said the commission

will place at the disposal of the

committee all of the data and in-

formation it has collected and will

give the committee full information

concerning previous investi-

gations.

Brundage also has pledged, said

Pridham, that the commission will

welcome presentation of any ad-

ditional data and will entertain any

complaint founded on such infor-

mation.

"I have asked each organization

to appoint to the committee a man

of mature judgment, who will give

the necessary time to this most im-

portant situation," Pridham stated.

BANKRUPTCY

FRAUDS TO

BE CURBED

Western Credit Men Form

Department to Apprehend

Business Embezzlers

(RECEIVED DISPATCH)

SAN FRANCISCO, Nov. 18.—

Establishment of a credit pro-

tection department, the function of

which will be the apprehension and

conviction of fraudulent bankrupts,

was accomplished today by the

protection committee of the west-

ern division of the National Asso-

ciation of Credit Men at a confer-

ence. Headquarters of the

credit protection department will

be opened in San Francisco. The

committee will include three San

Francisco men, J. N. Newbauer,

director of the San Francisco Board

of Trade; R. N. Carson, president

of the San Francisco Credit Men's

Association, and Eugene S. Elkus,

chairman of the board of trustees

of the western division of the Na-

tional Association of Credit Men.

"Establishment of the credit pro-

tection committee with headquar-

ters in San Francisco is the first

step in the war to exter-

minate commercial fraud," El-

kus said. "It means credit pro-

tection not only for members of

our association, but it will raise

the standard of credit granting

and insure a greater protection to

all granters of credit throughout

the West. In connection with the

work of this committee we will

have a trained corps of investi-

gators in San Francisco, Seattle and

Los Angeles."

CHRISTMAS—Barker Bros.—Tremendous Event in

Sonora

De Luxe Period Phonograph Models

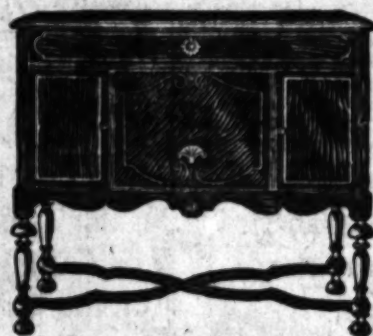

TIME of times to select that phonograph that YOUR home is doing without—and that would mean such happiness on Christmas day! SONORA—the phonograph of highest quality—with models in this event the de luxe period types—authentic cabinets of fine woods, exquisitely carved. Positively the last word in furniture design and phonograph perfection.

Instruments here that embody newest refinements. Motors that play forty-five minutes—antique gold trimmings—electric lights—carved wooden tone arm—modifier—automatic stop—diamond and sapphire needles. A limited number only of—

ITALIAN RENAISSANCE LOUIS XV WILLIAM AND MARY CHIPPENDALE ADAM HEPPELWHITE JACOBAN

MOST distinctive of all qualities—the famous Sonora tone—rich—mellow—resonant—found only in the finest musical instruments. Here is an opportunity to invest in one of the world's most magnificent phonographs!

ROLLS-ROYCE

AN AUTOMOBILE engineer who visited
the Rolls-Royce works and saw the famous
"Silver Ghost" said, "I don't see how any car
can be built better."

Rolls-Royce abandoned the usual
method of building a motor car.
No more being welded together the terrific
torques and jolts involved in driving
at high speed and the right inches high at
any time on level—the test imposed by
Rolls-Royce engineers.

The Rolls-Royce machine drives the road
under the car. Six hundred terrific jolts
compress into a 100 hours the
endurance of more than 20 years. Lead-
ing American and foreign cars failed to
stand up under this test for ten minutes.

Rolls-Royce is designed to resist
any road for 100 hours. Small
payment now we can guarantee every im-
portant part against failure for three
years.

We should be pleased to demonstrate
the "Rolls-Royce comfort" on
any road trip, which will be arranged
at your convenience over any roads
you may select.

CRYER'S PHONE STAND SCORED

State Rail Board Head Says
Mayor Fails to Help

Less "Politics" Suggested for
Aid of Rate Payers

Chamber Launches Move for
Study of Situation

(By A. P. MURPHY STAFF)

SAN FRANCISCO, Nov. 18.—

Mayor Cryer of Los Angeles has
been of no assistance thus far in
aiding to adjust telephone rates in
Southern California. President
Brundage of the State Railroad
Commission, said today in answer-
ing a statement by the Mayor yes-
terday, which charged the com-
mission with assuming a mistaken
attitude on rate-making. Mayor
Cryer's statement related particu-
larly to telephone rate-fixing.

Mr. Brundage's statement said:
"Far be it from me to attempt
the impossible task of preventing
a politician from doing his polit-
ical stuff. I can only suggest that
if Mayor Cryer really wants to be
of service to the telephone rate-
payers of Los Angeles he will give
the Railroad Commission the bene-
fit of such information as he may
possess—if any. The suggestion is
made in view of the fact that the
Railroad Commission is the only
body clothed with authority to fix
telephone rates in Los Angeles."
The Railroad Commission in-
tended the present proceeding, its
engineers have made a careful
painstaking investigation of the
telephone situation in Los Angeles
and the commission has introduced
every exhibit except one that is of
any benefit to the rate payers. So
far, Mayor Cryer has not helped.
If, in the future, he will lend his
assistance, the commission will be
pleased."

CHAMBER STARTS
INQUIRY MOVEMENT

The Chamber of Commerce yes-
terday launched a movement for a
committee to study the local tele-
phone rate situation, particularly
as material phones are concerned.
Acting on suggestion of H. W.
Brundage, president of the State
Railroad Commission, President
Fridham of the chamber issued a
call to fourteen local associations
to join with the chamber in form-
ing such a committee.

President Fridham pointed out
that the chamber has urged the
commission to give further study
to the spread of rates and that
mandatory order for rate fixing
on January 1, 1926, be with-
held until a further check-up of
rates is made.

"The board of directors of the
Chamber of Commerce desires to
be eminently fair in the whole
matter," emphasized Mr. Fridham.
"We naturally want to see the
lowest possible telephone rates in
Los Angeles, but at the same time
we want also to see that the tele-
phone company gets a fair return
on its investment, and one which
will permit it to expand facilities
rapidly enough to keep abreast of
the needs of Los Angeles."

Recipients of the chamber's sug-
gestion were: Los Angeles Realty
Board, Merchants' and Manufac-
turers' Association, Retail Dry Goods
Merchants' Association, Motion
Picture Producers and Distributors
of America, Retail Furniture Asso-
ciation of California, Furniture
Manufacturers' Association, South-
ern California Hotel Men's Asso-
ciation, Associated Apparel Manu-
facturers, Los Angeles Clearing-
house Association, Southern Cali-
fornia Wholesale Grocers' Asso-
ciation, Downtown Association,
Business Property Owners' and
Managers' Association, Associated
General Contractors of America,
and Associated Secretaries of
Southern California.

PURPOSES TOLD
"The purpose of this committee
will be to determine whether or
not, in its judgment, the Railroad
Commission has made a sufficient
investigation of all angles, so that
any decision the commission may
render concerning rates in the
opinion of our business interests
will be based on the fullest pos-
sible information."

Mr. Fridham stated that Mr.
Brundage has said the commission
will place at the disposal of the
committee all of the data and in-
formation it has collected and will
give the committee full informa-
tion concerning previous investi-
gations.

Brundage also has pledged, said
Fridham, that the commission will
welcome presentation of any addi-
tional data and will entertain any
complaint founded on such infor-
mation.

"I have asked each organization
to appoint to the committee a man
of mature judgment, who will give
the necessary time to this most im-
portant situation," Fridham stated.

**BANKRUPTCY
FRAUDS TO
BE CURBED**

Western Credit Men Form
Department to Apprehend
Business Embesslers

(EXCLUSIVE DISPATCH)

SAN FRANCISCO, Nov. 18.—

Establishment of a credit pro-
tection department, the function of
which will be the apprehension and
conviction of fraudulent bankrupts,
was accomplished today by the
protection committee of the west-
ern division of the National Asso-
ciation of Credit Men at a confer-
ence. Headquarters of
credit protection department will
be opened in San Francisco. The
committee will include three San
Francisco men, J. N. Newbauer,
director of the San Francisco Board
of Trade; R. N. Carson, president
of the San Francisco Credit Men's
Association; and Eugene S. Elkus,
chairman of the board of trustees
of the western division of the Na-
tional Association of Credit Men.

"Establishment of the credit pro-
tection committee with headquar-
ters in San Francisco is the first
step of the first gun in the war to
exterminate commercial fraud," El-
kus said. "It means credit pro-
tection not only for members of
our association, but it will raise
the standard of credit granting
and insure a greater protection to
all granters of credit throughout
the West. In connection with the
work of this committee we will
have a trained corps of investiga-
tors in San Francisco, Seattle and
Los Angeles."

Great Railroad Systems in Miniature—Complete Equipment

Ives Railway Toys

A BIG RAILROAD MAN, HAVING A PRIVATE CAR, OWNING AND OPERATING A RAILROAD ALL HIS OWN. DIRECTING PASSENGER TRAINS, SIGNALS, FREIGHT TRAINS, SIDINGS—EVERYTHING JUST LIKE REAL RAILROADS, A BOY'S AMBITION MAY BE REALIZED IN THESE IVES TOY RAILWAY LINES.

Electrical engineers design the sets. Railway draughtsmen draw the plans. Experienced mechanics make the different parts. Electricians test each locomotive to be certain that it will behave like a regular locomotive.

What could give a boy a greater thrill—or teach him more thoroughly and enjoyably the science of electrical mechanics?

"Solid Parlor Car Train"

THE success of a railroad depends largely upon the conveniences it provides for its patrons. The time table for such a train as this should read as all trains of reputation, like the Twentieth Century, "Solid Parlor Car Train."

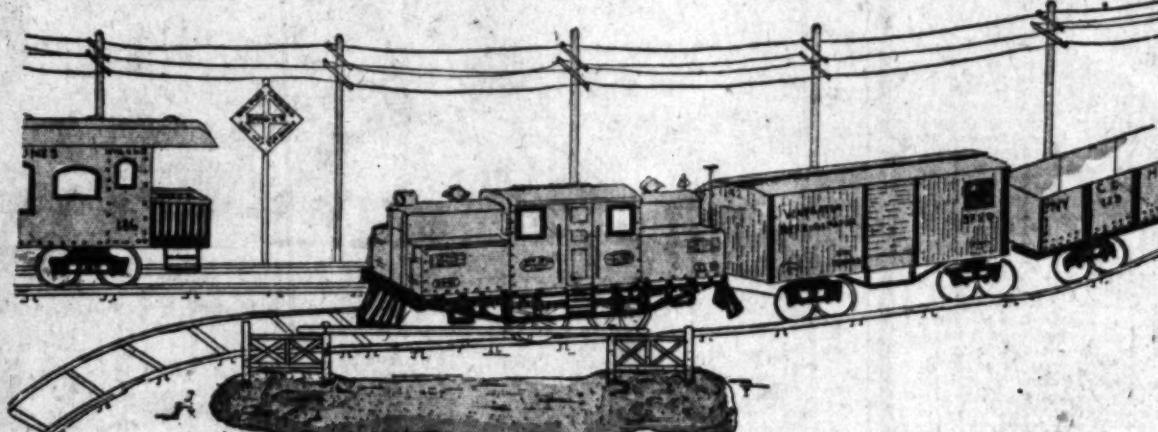

A powerful locomotive, well managed buffet car, luxurious parlor cars and observation. Finished in yellow. (An excellent parlor car train also finished in red.)

Sketched, Buffet Car, Number 184, at \$5.50.

Locomotive

FULL nickel plated. Locomotive with headlight and reverse. Constructed of excellent materials.

Locomotive at \$19.80.
Tender, at \$2.75
\$22.55

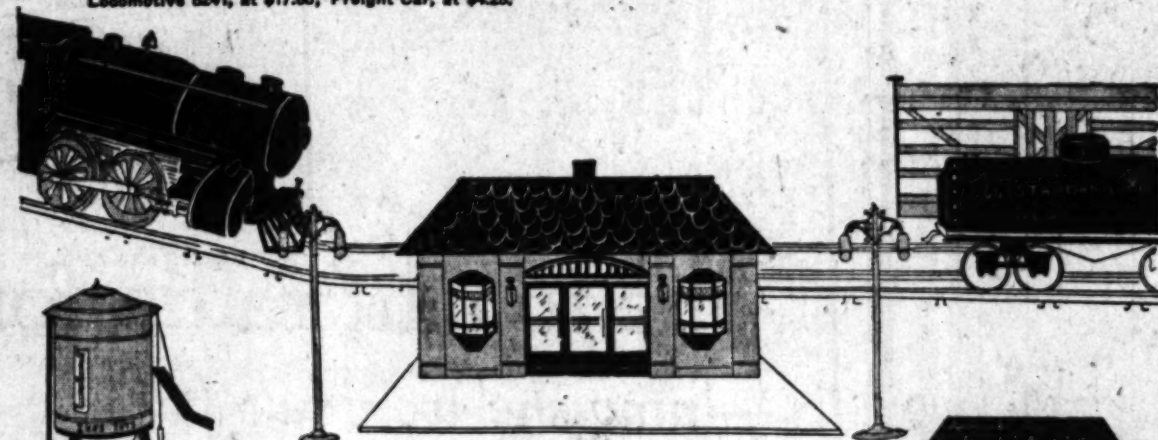

Freight Cars Make The Railroad Pay

THROUGH his freight trains the shrewd young railroad manager sets about assembling a comfortable fortune. Freight cars in which to transport automobiles and stock; tank cars for oil; merchandise cars; every type of car that goes to make up a regular freight train.

They replicas of New York Central freight cars and other well known lines. One may begin with few cars and add the number as business grows. Sketched, Locomotive 5041, at \$17.80; Freight Car, at \$4.25.

Danger Signal

Out in the country—and at every crossing in the city, a Danger Signal should be placed. Danger Signal at 35c. Telephone Poles, low priced.

Stations

A PROPERLY conducted railroad provides a good looking bright colored passenger station, such as this one, 12 3/4 inches long and 8 inches wide. Station Number 113, \$3.30.

To the right, is a Freight Station, ready to receive baggage and freight, of all kinds. It is 9 inches long. Number 200, priced at just \$1.10.

An open air Suburban Station keeps commuters happy, and adds color with its bright red roof. It is 11 1/2 inches long and priced Number 117 at \$2.75.

FIFTH FLOOR

Water Tank

THE Steam Locomotive above can not run long without water. A tank such as this one is 9 1/2 inches high. Number 89, priced at \$1.10.

Electric Lamps

DOUBLE arm Electric Street Lamps. 13 inches high, light the way to the station efficiently. Number 307, priced at \$2.75, or One-arm Lamps, at \$2.

Locomotive Is Reversible

AN amazing device in miniature railroading has just been perfected by Ives. A locomotive may be at any position on the track—even thundering around a dangerous curve—and by touching a tiny button twice, it will slide on its wheels and reverse.

A thrill which no boy will ever forget.

And no extra equipment is needed. It is included in the outfit.

One should be careful in purchasing a locomotive separately, to choose one which will suit all the trains it has to haul.

Fine Train, \$6.25

TO begin his career, Santa Claus will doubtless bring tiny brother a fast mail train such as the one sketched. Just the commencement of a complete railway system.

A good locomotive, with chair car and baggage car and express mail combined. With track and bulbs for the headlights of the locomotive.

What fun it will be to darken the room and see this train go whizzing around the track. A splendid Train, at \$6.25.

Bridges—Gates

WHAT is a railway system without a bridge?—The more bridges, the more intriguing.

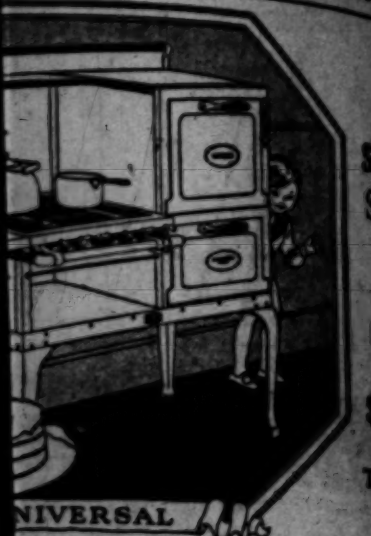

Just imagine the breath-taking joy of watching a train hurrying up the approach sketched, over the bridge and coasting down the other side.

Bridges, priced variously, to begin at \$1.65.

A Crossing Gate to prevent injuries and the railroad's being sued for damages. A small price to pay for such protection. Just 55c.

THE BROADWAY GIVES CONCERT

Department Store Sponsor of Entire Program

Choral Club One of Evening's High Lights

Orchardists Told How to Combat Frost

BY PAUL SHERKEY

Last night's concert from the tower studio of KHJ stood out as an excellent example of the high art in broadcasting, presenting musical and vocal selections of real merit and innovations that pleased the hosts of listeners. The entire program was given as the courtesy offering of the Broadway Department Store, arranged in honor of their Greater Broadway Day, and included ten prominent artists of the Los Angeles musical colony, in addition to a chorus of sixteen voices.

The singing of this chorus, known as the Broadway Choral Club, was one of the high lights of the evening. Composed entirely of singers from the store's organization, and trained under the personal direction of Eugene Krueber, they met with spontaneous enthusiasm from the crowd in

the station's view gallery with their first selection.

ULMAN MAKES ROW
 Radio enthusiasts had their first opportunity of hearing the splendid lyric baritone voice of Robert Ulman, who had just arrived in this country from Germany. He made his first test at the Times station yesterday, and was so highly praised that he was engaged for last night's concert, when he gave a group of masterly solos, accompanied by Mona Content, concert pianist.

Striking recognition has again come to one of KHJ's favorite artists, with word that Carolyn La Pavre, widely known soloist, and a member of the Music Box Trio that created a sensation on the recent Chamber of Commerce excursion to Hawaii, has been selected as soloist to appear with the Philharmonic orchestra in their concert Sunday afternoon, the 25th inst. Miss La Pavre appeared in last evening's concert, giving a number of the compositions that have won her recognition in the highest musical circles.

Another feature of last night's entertainment was the presence of Elmer Kemick Warren, concert pianist and composer, who is widely known for her contributions to the musical library. She has just returned from an extensive tour with Florence Easton, noted soloist of the Metropolitan Opera Company, serving as her accompanist. Mary Newkirk Bower, brilliant soprano soloist, also accompanied over the program, which included a large number of special ensemble numbers.

Preparation of their plants and flowers for the cooler season by householders here in the South-

west was the main theme of the regular weekly talk early yesterday afternoon by Fred C. McNabb, recognized garden authority, who appears at the tower through the courtesy of the Aggeler & Mumford Seed Company.

The noon broadcast from the station was of unusually high merit, being sponsored by the Motor Transit Company, presenting the Motor Transit Orchestra, headed by the "King of the Ukulele," Udo Kama, and his humorous ditty monologues and Dora Leonard, blue singer. Dannie Newahl has created a real sensation at Grauman's Egyptian Theater, where he appears in the elaborate prologue given with the "Big Parade" feature film now being shown. Newahl, an old favorite at KHJ, is one of the principals in the drama of the film, which is an exceptionally fine portrayal of the life in the trenches during the World War, without any of the overblown mawkish sentiment and flag-waving evident in other war pictures.

WILE HONOR GRIP HONOR
 Students of Lincoln High School will celebrate the close of the school's successful football season next Wednesday with a dinner and dance at the school cafeteria and gymnasium at which members of the football squad will be the honor guests. The dance is sponsored by the senior class and only students and alumni will be admitted.

ATWATER KENT RADIO

She fought radio for three years
 —now she wouldn't part
 with her Atwater Kent

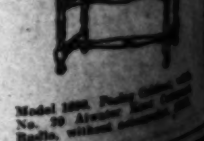

"I fought radio for three years. Wouldn't let my husband get a set. Told him it was noisy and a nuisance.
 "Then one evening we heard an Atwater Kent in a friend's house. We bought one like it the next day—and, oh, what a pleasure it is!
 "It's increasing our interest in life 100 per cent and it is making the word 'home' mean more than it ever did before!"

Are you denying yourself the pleasure that might be yours merely because you do not know how fine a really good radio is? If so, hear an Atwater Kent at a nearby store today. You will be amazed at its selectivity and wonderful tonal qualities.

WHY

Lightning is to-day's dominant gas.

What users say about it!

"Julian Petroleum Corporation,

"Gentlemen—About that Lightning gas of yours. A lot of people, no doubt, are still under the impression that it is just a lot of advertising 'bunk', which is fair enough in these days of over-ferried ad-writers. As a matter of fact, I was skeptical myself, but a trial convinced me immediately that it gave me a quicker start, much faster acceleration, and, by actual test, increased my mileage (1925 Buick sedan) from 17 to 20 miles per gallon. I don't know what you put in it, but it does the work.

"I believe in passing a good thing along, and I hope you sell a lot of it.

"General Insurance Agent, Los Angeles."

"Letter and signature on file and will be shown on request."

FARM PROBLEM HELD COMPLEX

Jardine Addresses Meeting of Land Colleges

Says Farmer Cannot Solve Difficulties Alone

Points Duty of Universities to Lend Their Aid

(BY A. P. HUNT WEBB)
CHICAGO, Nov. 12.—The problems of agriculture, probably the most complex and difficult of any in the world, will never be solved by farmers and agricultural workers alone, declared Secretary of Agriculture, Jardine here tonight in addressing the Association of Land-Grant Colleges.

So complex and inter-related are the problems of our civilization today that no one group can stand alone, he said, in pointing out that the land-grant colleges could perform a service in interpreting agriculture to the people of urban communities who do not know farming or farmers.

PROBLEMS NATIONAL
"In a more specific sense than ever before, our problems are national problems and they will be solved through our taking into consideration, not only all parts of the country and all institutions, but all groups in the population," the speaker asserted.

Dr. Jardine said the passage of the Federal act, providing enlarged Federal support for agricultural experiment stations, is one of the most notable instances in history of the granting of public funds for the advancement of knowledge through research.

"We need co-operation of all agencies—research, teaching and extension—for agricultural betterment," the speaker continued.

EXTENSION AIDING
"Extension workers are doing a great deal in reaching not only individual farmers, but organizations of farmers. The individualism and the isolation which in the past have kept farmers from coming closer together are disappearing under the influence of contemporary conditions. In organizations the farmers are working together effectively and the information given to them by extension workers has been both a powerful stimulus and a steady force in their work."

"The development of co-operative marketing enterprises furnishes a growing group of new farm organizations to which valuable information can be furnished. Because of their large and increasing membership, information utilized by them will affect the agriculture of the country directly and substantially. Moreover, co-operation is not simply a marketing matter, but a way of life. It is a group expression of our agricultural population."

Youth Facing Murder Charge as Father Dies

(BY A. P. HUNT WEBB)
ALBANY (Or.) Nov. 12.—John Schwindt, 18 years of age, was today charged with first-degree murder as the result of the shooting of his father, Joseph Schwindt, Sheriff Frank Richard filed the complaint. The lad shot his father while the latter was punishing another son. The wounded man died Sunday after hovering between life and death for two weeks with a bullet in his brain.

FREE'S ALASKA RAIL PLANS ARE CRITICISED

GENERAL MANAGER OF ROAD SAYS ABANDONMENT WILL BE FOUGHT

(BY A. P. HUNT WEBB)
SEATTLE (Wash.) Nov. 12.—On his way to Washington, D. C., where he is to testify before a Congressional appropriations committee on the needs of the Alaska Government Railroad, Noel W. Smith, the railroad's manager, was in Seattle today.

There is little likelihood that the rail line will be abandoned by the government, he converted into a wagon road, as suggested by Congressman Free of California, Smith declared.

"If Free fathers such a move in Congress it will meet with strenuous opposition," he said. "His proposals and suggestions regarding the railroad should not be taken seriously."

Federal officials will back the railroad, Smith said he believed. Smith was "loaned" to the Interior Department by the Pennsylvania Railroad in July, 1924. Prior to that time he was assistant general manager of the Pennsylvania Railroad.

EFFORTS FAIL TO BRING BACK ROTARY CHARTER

(EXCLUSIVE DISPATCH)
BISBEE (Ariz.) Nov. 12.—Efforts to restore the charter of the Douglas Rotary Club are reported to have proved fruitless. It is reported that this is the first club to disband since Rotary was founded in 1905. The parent organization now has 2150 clubs in thirty-three countries. The Bisbee Rotary has been visited by Frank Whitaker, president of the Bakersfield (Cal.) Rotary Club, who spoke on the history of the organization, and by Allan Street of Oklahoma City and Harry Rogers of San Antonio, Rotary International officers, who have been working to restore the Douglas Club.

SEVEN BEARS KILLED BY FATHER AND SON

(EXCLUSIVE DISPATCH)
STOCKTON, Nov. 12.—Ray Peterman and his father, Jasper Peterman, have arrived at the latter's home in Lodi from a two-weeks bear hunting trip. Seven bears were killed, three of which were brought to Lodi. Two were sold in Fresno and the others were left at Ray Peterman's cabin in the Kings River Canyon. Three species were obtained—black, brown and cinnamon. One of the animals weighed 500 pounds, dressed.

W.C.T.U. TO MEET HERE NEXT YEAR

National Organization is Encouraged on Liquor War; Los Angeles in 1926

(BY A. P. HUNT WEBB)
DETROIT, Nov. 12.—The fifty-first annual convention of the Women's Christian Temperance Union closed tonight after a declaration of principles looking toward a campaign of enforcement and observance of the prohibition laws.

Miss Cora Frances Stoddard of Boston, head of the department of scientific temperance instruction and investigation, said that a questionnaire sent to high school principals and teachers in Massachusetts revealed the opinion that drinking in violation of the prohibition law was on the wane.

A message was received from President Coolidge extending to the convention "my sincere thanks for the message of encouragement and support" and appreciation for "the expression of approval and cooperation."

The 1926 convention will be held in Los Angeles.

PAPER MAKERS FIGHT RATE RISE

Advance in Freight Costs Declared Hardship

Southland Steel Industry Joins Opposition

Arguments Presented by Lorents of Los Angeles

(BY A. P. HUNT WEBB)
SAN FRANCISCO, Nov. 12.—Representatives of the paper manufacturing industry of the Pacific Coast today added their protests against proposed increases in freight rates to the voluminous objections previously voiced by spokesmen for a dozen other industries affected before the adjourned meeting of the Interstate Commerce Commission holding sessions here this week.

Asserted inequalities in rates on print and wrapping paper from the Pacific Coast and from the Fox River district in Wisconsin, were pointed out by Ralph Shepherd of Oregon City, and John J. Reid of San Francisco, principal spokesmen for Pacific Coast manufac-

ture. Proposed increases would work further hardship on the Pacific Coast paper men, they said, in view of the present 4-cent differential in favor of eastern paper manufacturers. Strong competition from foreign paper manufacturers also exists, witnesses declared, principally from Norway and Sweden. This competition was said to be more keen today than formerly as a result of recent reductions on import duties on these commodities. They branded the proposed rate increases as unjust and discriminatory.

J. Sheehan, banker, of Reno, said the live-stock industry in his State was in poor condition to withstand the proposed freight-rate increase. He expressed the opinion that live meat is being consumed today per capita in this country, with the exception of pork, which he said accounted in measure for the deflated condition of the live-stock business generally.

The steel-manufacturing industry of Southern California offered its protests to any increase in freight rates through T. Lorents of Los Angeles, who submitted a statement and figures in support of his argument. The suggestion was made that the western district be zoned for rate-making purposes as affecting steel and that the Southern California territory be exempt from any increase.

Additional protests against any freight-rate increases were offered today Frank B. Warren, on behalf of the Nevada Public Service Commission; H. F. Wiggins of the

GIRLS' DEBATE ON FAMILY BARRED

State University Head Calls Subject Unfit for Fair College Orators

(BY A. P. HUNT WEBB)
BERKELEY, Nov. 12.—The series of debates between women students of the University of California and Stanford University on the theme "Resolved, that the family is unnecessary to the progress of civilization," was called off today by President W. W. Campbell of the University of California on the ground that he did not consider the subject a fit one for the fair debaters.

The California girls were to have maintained the affirmative side of the question. The steel-manufacturing industry of Southern California offered its protests to any increase in freight rates through T. Lorents of Los Angeles, who submitted a statement and figures in support of his argument. The suggestion was made that the western district be zoned for rate-making purposes as affecting steel and that the Southern California territory be exempt from any increase.

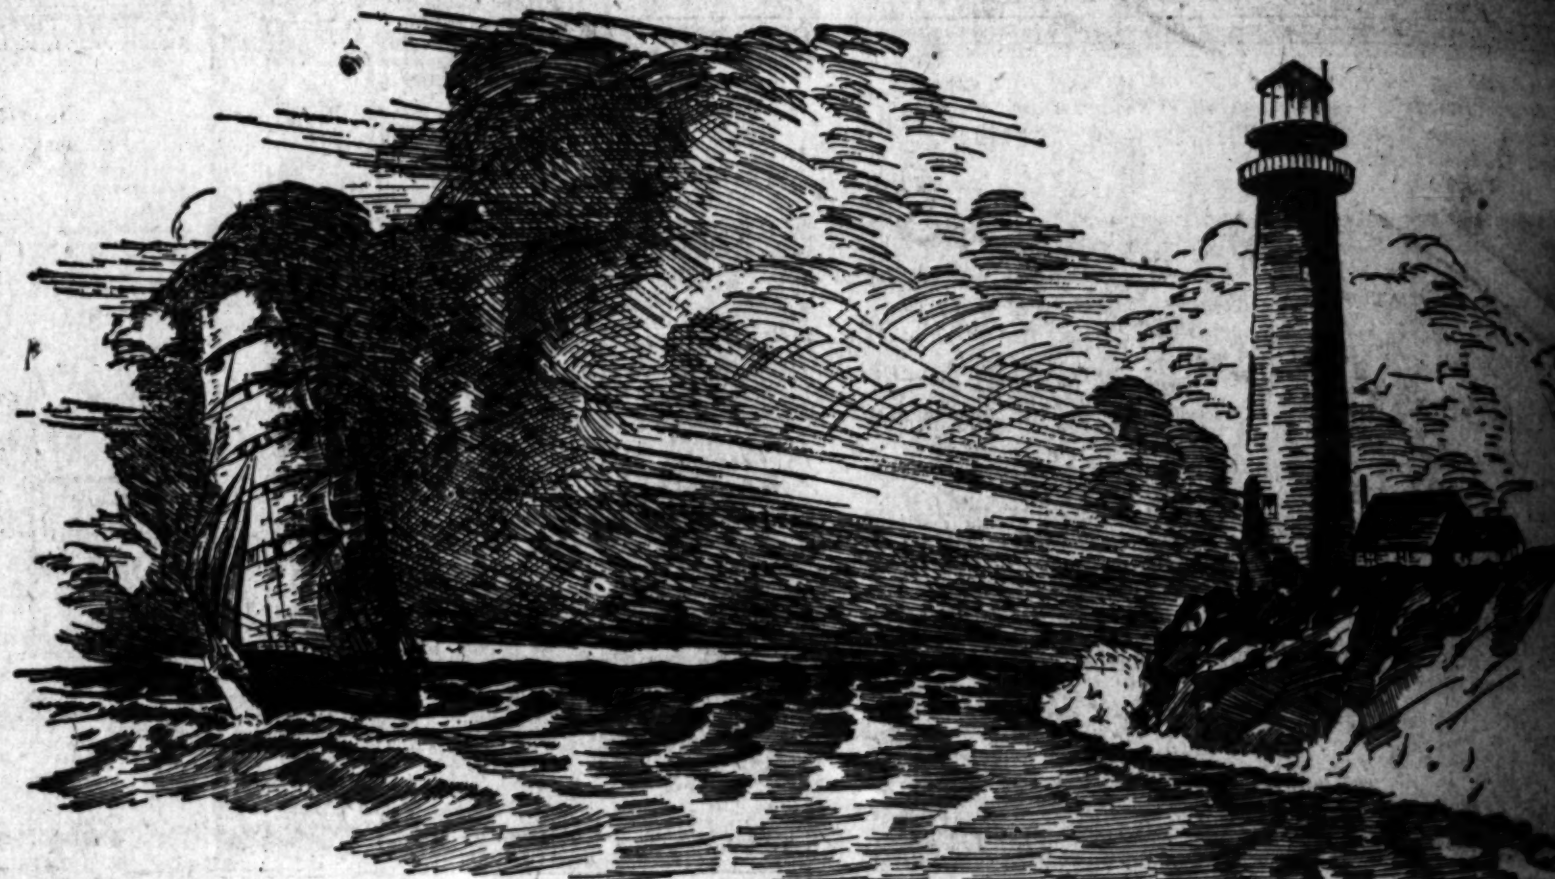

Additional protests against any freight-rate increases were offered today Frank B. Warren, on behalf of the Nevada Public Service Commission; H. F. Wiggins of the

HAVEN

Buffeted by the seven seas the prow of the sturdy ship ploughs the final furrow of her voyage, leaves in her wake the turbulent sea and runs straight and true for the placid waters of the serene harbor ahead. Home.....Haven. The dreams of men materialized. For all men seek a haven, a quiet harbor from the storm and stress of modern life, where fine ideals of sturdy, upright citizenship may be adhered to and attained, where environment and association will, for the younger generation, strengthen character, develop culture and create a love for the finer things of life.

Pacific Palisades, overlooking beautiful Santa Monica Bay, is a friendly community that offers these manifold advantages to those desirable persons who seek the cultural influence of such an environment.

A very handsome illustrated de luxe book is now being prepared. This book shows unusually beautiful panoramic scenes of the surrounding land and sea as viewed from Pacific Palisades and describes in detail the aims and purpose of this community and institution. A limited edition has been ordered and these books will be sent out until the supply is exhausted. A copy will be reserved for and sent without obligation to those who use the request blank below.

PACIFIC PALISADES

REPORT LARGE

OIL ROYALTIES

Standard Pays Los Angeles

Investment Huge Sum

Production from Leases is

Reported Near Normal

Should Materially Influence

Company's Income

Los Angeles Investment

Company received from the Standard Oil

Company of California the sum of

\$145,000 in payment of oil royalties

in September and more than

\$115,000 in October, according to a

statement made by the company

yesterday. Daily production, ac-

counting to the latest figures, is ap-

proximately 17,000 barrels, of which

the company receives one-

with royalty from the Standard Oil

Company, or about \$800 barrels.

At the present average price this

represents a minimum daily in-

come of approximately \$1500.

Thirty-one wells are now pro-

ducing and while the output is

slightly less than the daily pro-

duction of 18,000 barrels of a few

weeks ago, fewer wells are now

being drilled, it is expected to be

brought in within a few days, and

drilling operations on well No. 14

are now being started.

Oil operations, the company

states, should materially influence

income in the last six months of

the current year. The Standard Oil

drilling program on the company's

leases in full swing and production

is at a substantial rate. About

200 acres of proven land remain

to be drilled.

Officers of the company have

received two special oil dividends of

ITALIAN LOANS COMING SOON

Investment Market Expects \$100,000,000 Government

Issue Through Morgan Group; Rome Also Slated

BY EARLE B. CROWE

Having successfully negotiated the settlement of her debt to

the United States, the Italian government, it is understood, will market

approximately \$100,000,000 in 7 per cent bonds to American investors

within the next few days. The loan will be underwritten by J. P.

Morgan & Co., assisted on the Pacific Coast probably by the Bank

of Italy and the National City Company.

The Morgan group will also float

a \$25,000,000 issue for the City of

Rome, if eastern reports are cor-

rect. Following these two loans,

investment bankers expect that

various industrial, utility, State and

municipal loans will appear pe-

riodically in the American mar-

ket, similar to the procedure fol-

lowed in the case of the Central

European countries that have

rounded their finances into shape.

CANCELLATION LARGE

Italy plainly has received fair

treatment from the American gov-

ernment and the country's finan-

cial position is much improved. In-

vestors in this country supplied

the \$148,000,000 the government

needed to bring its finances into

shape. During the last year, and

now the American govern-

ment has agreed in the debt set-

tlement of the debt, never-

theless, the Italian government is

restoring its credit. The govern-

ment has agreed to pay the debt

in 10 years, with interest at 6

per cent. The government has

pledged its credit for repayment.

The government has agreed to

pay the debt in 10 years, with

interest at 6 per cent. The gov-

ernment has pledged its credit for

Richfield Sales

Show Progress

Over Last Year

An analysis of the operations of the

United Oil Company for the

twelve months ending the last

month of the year shows that

Richfield Sales of the United Oil

Company, and its subsidiaries, have

made considerable progress in the

sale of gasoline and oil products

in the last year. The company's

sales in the last year were ap-

proximately 1,000,000 gallons, an

increase of 119 per cent in gallon-

age. Approximately 2000 dealers

are now selling Richfield gasoline

and oil products. The latter un-

der the trade name of Richfield

Sales of these products now aggre-

gate considerably in excess of

\$1,000,000 a month. The volume of

sales in the last year was ap-

proximately 1,000,000 gallons, an

increase of 119 per cent in gallon-

age. Approximately 2000 dealers

are now selling Richfield gasoline

and oil products. The latter un-

der the trade name of Richfield

Sales of these products now aggre-

gate considerably in excess of

\$1,000,000 a month. The volume of

proximately 1,000,000 gallons, an

Bigger Demand

for Celery This

Year Reported

California has experienced a big-

ger demand for celery this fall

than for a number of seasons, and

the general quality is good, accord-

ing to a report of the American

Fruit Growers Association. A

constant effort on the part of

the shippers to hold the price to a

reasonable basis has helped the

movement, and should make for a

good market.

Both northern celery and celery

from the Venice district are running

very heavy to large sizes. On all

of the large sizes the prevailing

price has ranged from \$2.50 to

\$3.50 a crate. A crate contains

25 small sizes. The price of

smaller sizes has been ranging

from \$1.50 to \$2.50 a crate. The

conditions have been favorable for

good quality, and it is expected

that the general quality through-

out the shipping season will be

somewhat above the California av-

erage.

Letting shipments have materi-

ally declined during the past

week with the company's sales

in the general quality of the

product. The general quality of

lettuce from California all during

the summer and this fall has been

very fair, and during a number of

periods has been poor. Lettuce

from the Los Angeles district is

very fair, but it is clean and of

good color.

BOND QUOTATIONS

Market Weaker

NEW YORK, Nov. 18.—Un-

dered by the abrupt decline in stock

prices and warnings from high

banking sources regarding the

credit situation, the bond market

yielded readily to selling pressure

today. Fluctuations were erratic,

several rail and oil issues reacting

sharply after attaining new high

levels.

Although the entire financial

community has apparently become

reconciled to higher rediscount

rates, considerable uneasiness was

aroused by the failure of the Phil-

adelphia bank to announce what

action had been taken at today's

meeting and the possibility of

changes in the London and New

York rates tomorrow. Time money

remained firm.

Liquidation of railroad bonds

was general, although independ-

ent strength was shown at times

for New Haven, St. Paul, Ches-

apeake and Ohio and Florida, West-

ern and Northern issues. Buying

of the issue was not well sus-

tained, however.

A wave of selling swept over

the industrial list, causing sharp

reactions in bonds which had

been most conspicuous in recent

trading.

Keynote Telephone Co. and Vir-

ginia Railway and Power Co. were

among the few public utilities in

demand.

The case of Liberty bonds was

unusually quiet. French bonds were

moderately firm.

Advances in primary high rate and

discounts of bank at the New York

Federal Reserve bank were

moderate.

FRAUD IN LAND DEALS CHARGED

Trio Indicted for Supposed Perjury and Plot

Illegal Homestead Filing Activities Asserted

Large Sums Reported to be Obtained by Group

Perjury, subornation of perjury and conspiracy to defraud the government are charged to Mrs. S. Phelps of 1449 Summit avenue, Hermosa Beach, and her daughter and son-in-law, Pearl Lee Holmes and Robert Potwin Holmes of 523 West Anaheim street, Wilmington, in indictments returned yesterday by the federal grand jury exposing alleged activities of the trio in which thousands of dollars are said to have been obtained from unsuspecting land seekers.

During 1923 and 1924 Mrs. Phelps, aided by her daughter and Holmes, induced half a score of men and women to make false affidavits that they had personally examined homestead land near Lancaster on which they had filed, federal officials reported.

Holmes, assisted by the two women, also is declared to have filed on a homestead four miles west of Palmdale after he had exhausted his entry right on another homestead fifteen miles east of Lancaster, and to have sworn falsely that he had received no remuneration for the first claim. A. A. Wilhelm, land office inspector prepared the evidence against the trio.

Among those whom the three are said to have defrauded are: Dr. Harry C. Wilhelm, Santa Ana; Mrs. May A. Yates, Miss Nellie P. Neikirk of Seattle, and Miss Mary Louise Collins of Kansas City.

TRAIN TUNNEL READY TO OPEN

(Continued from First Page)

struction that has been undertaken in the city for a long time and something that will do more for the relief of traffic congestion than much that has been done up to the present time.

The public inspection and free trips will continue until 10 a. m. Monday, at which time the tunnel will be closed and formally opened for service early Tuesday morning, December 1st.

Mr. Fontana stated that all operating facilities proper are now completed, the work yet to be done consisting of the finish work of the interior, which is being rushed with all speed to complete within the next few weeks. Crews are now engaged in placement of tie setting and other interior finish work.

The project will have been completed in eighteen months and twenty-seven days after it was begun, a record of which the company and contractors are proud.

The Hollywood and San Fernando Valley lines will begin use of the tunnel at a later date, the announcement stated, due to non-completion of the opening of Park avenue to connect Sunset and Glendale boulevards.

DAVIS FUNERAL TO BE CONDUCTED TODAY

Funeral services for Henry V. Davis, supreme secretary of the Fraternal Brotherhood, who died last Monday, will be conducted at Pierce Brothers Chapel at 1 p. m. today. Interment will be at Inglewood Park Cemetery.

JAPAN ROYALTY ON VISIT HERE

(Continued from First Page)

for by way of the Montebello oil fields. For tomorrow night the Japanese consulate has arranged a dinner at Hollywood.

The visitors leave Los Angeles at 4 o'clock Saturday morning for Del Monte, where they will play golf. Sunday and Monday will be spent in San Francisco, and on Tuesday morning Prince and Princess Asaka return to Japan.

Last night at the Biltmore a banquet was tendered Prince and Princess Asaka and their suite by local Japanese business associations. Addresses of welcome were made by William O. Crowell, representing Mayor Coker, and E. W. Fridham, president of the Los Angeles Chamber of Commerce.

Prince Asaka responded in his native language, his brief and formal talk being interpreted for the benefit of the few American guests among whom were Admiral Hughes of San Diego, and Charles C. Cook, of the Chamber of Commerce.

Following the banquet, Japanese and American guests were surrounded by points welcomed Prince and Princess Asaka at the Philharmonic Auditorium. The celebration here was entirely Japanese and started with a concert of native dancing and music.

CO-EDS GIVE DISPLAY OF GARMENTS

(Continued from First Page)

Right and Wrong Ways to Dress Demonstrated Before College Audience

Things that a college girl should wear and things that they should not wear were worn yesterday by a group of coeds at the Southern Branch of the University of California.

The occasion was a fashion show staged in the university auditorium by Mrs. Louise Finckley Scott in charge of the costume course, and the object was to impress the college women with the importance of good taste in dress. About 1500 attended the fashion show.

Seven girls were used by Mrs. Scott as models—Helen Gray, Beatrice Rand, Eleanor Ligner, Ruth Ford, Mae Rosenblum, Charles Ligner and Virginia Van Norden.

Charles Ligner as "the girl who couldn't be bothered about the kind of clothes she wore" brought a storm of applause. Eleanor Ligner was introduced as "the girl who cares and knows how" while Beatrice Rand "wore but didn't know how." Helen Gray was described as "correct," but Ruth Ford's costume "wants to state a sensation but don't know how."

The girls who acted as models wanted to wear special costumes for the occasion and ones that were indicative of their own tastes.

SANTA FE PORT PLAN DISCUSSED

(Continued from First Page)

there a freight depot until the company had agreed to reach the harbor under Dominguez Creek viaduct.

President Allen then repeated the proposition he made to the City Council at Tuesday's meeting at the City Council which the city agreed to extend the municipal belt line under Dominguez Creek viaduct to meet the Santa Fe tracks, at any point desired by the City Council. At Tuesday's Council hearing on the proposition, President Allen said that this would cost the company at least \$400,000, said that the company would rather dig out of the harbor than stand this expense. On Tuesday and at yesterday's conference, President Allen said that this estimate was much too high and he thought the expense would be about \$250,000.

General Manager Etter agreed, President Allen said, and President Allen said to instruct Chief Engineer Ball to confer with Harbor Engineer Nicholson to compare cost estimates, item by item, to determine the exact cost to the Santa Fe of the acceptance of the Harbor Commission's proposition.

As a result of the Santa Fe agreement to compare cost estimates of the Santa Fe's entrance to the harbor by means of connections with the municipal belt line tracks under the Dominguez Creek viaduct at a point north of Anaheim Road, President Workman announced that the adjourned Council hearing on the matter, scheduled for this afternoon, would be postponed until the afternoon of December 3.

WRITER TO TALK ON CHILD Frits Kuntz, writer and lecturer, will give a free public lecture on "The Child in the New Age" at 1801 Garfield Place, Hollywood, Saturday 3 p. m. and teachers are particularly invited to attend. Mr. Kuntz was president of Ananda College, Colombo, Ceylon, for more than three years and is widely known in educational circles.

BLUE LAWS TO RULE AT VENICE

(Continued from First Page)

The ministers who preach in the churches on Sunday have the entire rest of the week for recreation. Those who work in shops and offices during the evening must seek their amusements on Sunday. If Sunday public dancing is not permitted in Venice, the crowds will go to Santa Monica and the other beaches.

The Public Welfare Committee, to which the requests for the placing of Venice in an amusement zone exempt from Sunday-closing ordinances, consists of Councilman Allan, chairman, and Councilmen Hughes and Jacobson. At the close of the hearing Councilman Allan said that the committee had received scores of letters, many of them from Venice, asking that no special legislation be enacted exempting Venice from our Sunday-closing laws.

Many of the writers said that the Sunday-closing laws were needed in Venice and that for this reason a majority of the people had voted for consolidation with Los Angeles.

"While the committee is waiting for an opinion from the city attorney as to whether we could, if we desired, place Venice in an amusement zone, the Venice amusement men's requests until that opinion is received. So the fact remains that Venice will come into Los Angeles on November 13 and that thereafter the city laws will be enforced there the same as in other parts of the city."

Conducted its meeting yesterday in the Council chamber at the City Hall in the expectation that there would be a large attendance, both of Venice people seeking the grant, and of those opposing it. This expectation was not realized, there being not more than a half-dozen persons at the committee meeting, and there was no one who said the request granted.

YOUTHS TO PAY HIGH FOR PRANK

(Continued from First Page)

sixteen, at the direction of Principal William F. Spring of Pasadena, appeared before the local school assembly this morning and pleaded guilty to the prank.

When the crowd, including football players and student leaders, appeared in Police Court with spirits considerably dampened by a night spent in jail, Judge Dunham agreed to dispense with fines if the invaders would remove the painted signs, the "L.H.S." emblem which they had cemented on the high school lawn, and the lime dust which they had scattered everywhere.

Last night's outbreak came as a revival of the feud which had existed between the two schools for twenty years and was directly prompted by the "big game" between Long Beach and Pasadena last Saturday. Who will be the underdog when the Pasadena crowd makes the journey there remains to be seen.

The culprits will not be present at the "big game." Judge Dunham also provided that they complete their expulsion by working on the city rock pile in Arroyo Seco all day Saturday. They promised to report Saturday morning for the task.

Principal Ewing received a telegram from Principal Bertram of Long Beach today, extending the regrets of the Long Beach authorities, and stating that the depredations do not represent the spirit of Long Beach.

The impromptu "white-wings" were released at noon after they had been in custody for two hours on campus in lock-step with the police in command. The boys are Ivan Alexander, Ralph Kerr, Clarence Gilliam, Earl Hilland, Glen Spencer, Russell Porter, Gerald Mathia, Robert Davidson, Chester Smith, T. Smith, Roy Hostetter, Ray House, Stanley Harris, Jack Austin, Harry and Tom Price. Their ages range from 17 to 22.

HOTEL MEN TO SEEK DRY HOLIDAY ERA

Aid Pledged to Federal Chief in Effort to Curtail Local Rum Supply

Maximum co-operation in suppressing the liquor traffic in hotels of Los Angeles and near-by communities during the coming holidays was pledged Col. Robert E. Frith, dry administrator for the Southern district, by a group of hotel men who conferred with the Federal dry chief yesterday.

The group was organized to do everything in their power to plug possible liquor sources and to prevent pre-arranged celebrations in their hotels during the holidays.

A. Frank, vice-president and general manager of the Alexandria and Ambassador, acted as spokesman for the hotel managers. Present at the conference were Charles Bead of the Biltmore, S. W. Joyce of the Huntington Hotel at Pasadena, H. C. Fryman of the Hayward, H. W. Nickerson of the Maryland Hotel, J. W. Matheson of the Christie and Dwight Howard Hart of the Roosevelt.

Executives of many of the leading clubs in Southern California will confer with Col. Frith today on the same matter.

CHEST MILLION SHORT OF QUOTA

(Continued from First Page)

tional, international and international. "In a community as large as that of Los Angeles we have all types of human beings. The human cry, no matter where it comes, is a human cry and it is for us to hear it."

"The pretty late date in the history of human thought to try to interest people in a human issue seems to me a mistake. We do so, for we have a lot of wealthy people among us who are interested in the human issue. There should be larger donations, those running into \$25,000 and \$50,000. These people should feel the obligation to give back to society part of the sum society has given to them."

"To our splendid workers I will give a message which the first community leader gave to a worker, Moses to Joshua: 'Be strong and full of courage.'"

The following business firms have given over the top in their subscriptions: Hauser Packing Company, Tupper-Knewbow Company, Holbrook Merrill & Stetson, John H. Van Pelt, National Bank and Building and Storage Company.

With Mrs. E. R. Collins in charge, yesterday's entertainment program was a well-thought-out affair. The program was presented by the Western Vaudeville Association, which included Delcon's Acrobatic Orchestra, Eddie Lambert, Joe Bonomo, and the Western Vaudeville Orchestra, and a chorus of singers and dancers.

Today's program will be supplied by the Western Vaudeville Association, which included Delcon's Acrobatic Orchestra, Eddie Lambert, Joe Bonomo, and the Western Vaudeville Orchestra, and a chorus of singers and dancers.

STAG PARTY FORAY NETS SEVENTEEN

Young Hollywood Sheikhs Face Charges of Social Vagrancy After Raid

Seventeen young Hollywood sheikhs, rounded up by the police late Tuesday night in a raid on a stag party at 184 Loma Court, faced Police Judge Richardson for arraignment yesterday. They all pleaded not guilty to charges of social vagrancy filed against them and their cases were set over until 1:30 p. m. today for trial. They were each placed under \$500 bail and since not one of them could produce this amount they all were herded back to jail to await trial.

SEES PAVING IN CAHUENGA BY HOLIDAYS

Public Works Commission Opens Bids for Concrete; Co-operation Praised.

That the new Cahuenga Pass road will be completed and paved for a width of forty feet throughout its entire length and opened for use before Christmas was the hope expressed yesterday by members of the Board of Public Works. The board opened bids for the paving of a forty-foot width of the road, which is to be eight inches or ten inches, the decision, pending upon the amount of money available for the work. The contract probably will be awarded this week, so that within a few days the paving contractor can start work and complete it within thirty-five days.

Public Works Commissioner Eldridge said that C. E. Toberman, who owns much of the property in the pass, was co-operating with the board in granting necessary rights of way so that the grading which is being done by the board under the direction of Construction Engineer Rook can be pushed forward without delay. The final complete width of the new roadway will be seventy-two feet.

RABBI ANNOUNCES LECTURES
Dr. Maurice Teshner, rabbi of Temple Beth-El, 1508 North Wilton Place, will lecture at the Temple tomorrow evening on "Idealism Versus Materialism." At 10 a. m. next Saturday Dr. Teshner will speak on "The Prophetic Portion of the Law." The public is invited to both meetings.

Iowa Actress to Rule at Fete

Hazel Keener

Winner of beauty contest and other celebrities from Iowa in the film colony will take part in entertaining the football team of the University of Iowa on Saturday evening.

Factory Blaze Communicates to Apartments

Fire which destroyed a factory building at 1621 1/2 Sunset Boulevard yesterday also involved three other buildings, causing a total damage of approximately \$15,000. The factory was the sheet metal works of William C. Oates, in which the fire originated from an undetermined cause.

The first building to which it spread was the home of Mrs. William Terwaggen, 1210 Logan street, where the roof and upper floor were damaged considerably. Next a four-story building at 1622-23 Montana street caught, losing rear stairways and having the roof ruined, and then the Williamson Apartment Hotel, 1621 Sunset Boulevard, caught fire at the rear but did not suffer greatly. All occupants escaped safely.

HAWKEYE FILM GIRL IS HONORED

Hazel Keener to Preside at Banquet for Grid Stars Saturday Evening

Hazel Keener, "Iowa's most beautiful girl," winner of a beauty contest and later successful in the film colony in Los Angeles, will be a guest of honor at the Hawkeye reception and banquet Saturday evening at the City Club for the University of Iowa football players, coaches and faculty members.

Miss Keener was a freshman at the University of Iowa in 1921 when she won a \$1000 prize. She arrived in Hollywood with her mother and began her struggle to break into motion pictures. Attaining marked success, her last role was as the "college vamp" in Harold Lloyd's "The Freshman."

Other motion picture stars who formerly lived in Iowa will be on the program of entertainment including Conrad Nagel, leading man, Raymond Hatton, character actor, and Chester Conklin, comedian. It is planned to have a flash of each star shown on a screen at the banquet in a novel composite reel.

Barrie, Cinema Actor of 'Heavy' Roles, Marries

Nigel Barrie, prominent leading man and motion picture "heavy," was married yesterday to Mrs. Gertrude Pocklington of Rhodesia, South Africa, who recently came to Southern California on a visit. Barrie returned to Hollywood this summer following a three-year sojourn in Europe, two years of that time being spent in Germany. During his stay there he appeared in several German-made films.

PIPED PIPERS BALK

City Can't See Way for Rats; Other Worked Free

The Piped Piper of Hamelin was a volunteer unpaid rat catcher, apparently as history is silent on the subject of the compensation he received for tooting his way through the streets of Hamelin.

Not so the rat catchers of Los Angeles city government. They are each paid \$15 a month. They want more pay and asked for it last August, according to a report issued by Health Officer Parrish, but the amount of cash in their pay envelopes remained the same. Then, according to Health Officer Parrish's report, which was filed yesterday with the City Council, Piped Pipers C. E. Kempton and Jesse Hunt of the municipal rat catchers' force became impatient and "appeared before the Council and attempted to reopen the salary rise question."

Bullock's Closes at One o'Clock Saturdays

Bullock's . . . One o'Clock Saturday . . . Basement Store

An Extraordinary Value Offering
Friday (Not Today)

SOCIETY

BY JUANA NEAL LEVY

One of the beautifully appointed weddings of next week will be that of Miss Kathryn Newmark, daughter of Mr. and Mrs. Samuel M. Newmark, and George S. Behrendt, son of Mr. and Mrs. Samuel Behrendt, the ceremony to take place at the home of the bride's parents in Kingsley Drive at high noon Wednesday. Rabbi Edgar J. Magrin will officiate, and Mr. Newmark will give his daughter in marriage, while her brother, Stephen Newmark, will serve Mr. Behrendt as best man. Following a honeymoon trip they will make their home here.

For Bride-Eldest.
Among the bride-els of the season who are being much entertained before the wedding date is Miss Ruth Graydon, attractive daughter of Mrs. Ridley Taylor of Hollywood, whose engagement to Harry MacBeane was announced recently.

Tuesday afternoon Mrs. Albert George Ralph of Rosemead avenue entertained with a beautifully appointed affair at the Wilshire Country Club, while last evening Miss Jane Jones and Miss Green-Jones entertained thirty-two guests with a bridge evening and supper at their home in Hawthorne avenue.

Saturday Mrs. James Casson is planning a luncheon at her home in South Gramercy Place and Miss Jean Melville is another hostess who is giving an attractive affair

in honor of Miss Graydon shortly. Mrs. Harold Meitoh was hostess recently at a bridge party given at her home in Hollywood for Miss Graydon and her fiancé, other guests including Mr. and Mrs. Albert Mehrer Nible (Gerrude Roche), Miss Katherine Tilden, Miss Charline Woodhead, Miss Jane Jones, Miss Bernice Volight, Miss Gwendolyn Jones, Miss Virginia Wilson, Miss Jean Melville, James Riddell, Armistead Leigh, Lewis Leigh and John Borgaud.

Wedding Announced.
Of much interest in collegiate circles is the announcement of the recent marriage of Miss Jane Lewis, granddaughter of Mr. and Mrs. Walter Lewis of Hollywood, to Everett Vernon Stowell, son of Mr. and Mrs. Marion Stowell of this city. The marriage was an event of October 9, but was kept a secret from their many friends until Saturday afternoon when Miss Dorothy Graham entertained for the bride with a post-nuptial affair at her home in North Hollywood Drive.

The party was in the nature of a miscellaneous shower, the bride receiving many lovely gifts from her many friends. Among those assisting Miss Graham were Miss Katherine Johnson, Miss Ruth Koster, Miss Lillian Loudon and Miss Elizabeth Corwin. Forty-five guests were bidden, all of whom were members of the Alpha Omicron Pi Sorority of which the bride is a member. A most enjoyable musical program was given by Miss Blythe Taylor, accompanied at the piano by Miss Bertha Frost, and while the guests were being served the hostess presented each with a tiny envelope which con-

tained the wedding announcement, which came as a distinct surprise to the assembled friends. Mr. and Mrs. Stowell are at home to their friends at 313 North Mantel street.

Afternoon Affairs.
One of the loveliest affairs of recent date was the bridge luncheon with which Mrs. J. A. Bowden entertained Friday afternoon in the Rose Room of the Mary Louise. The guests were seated at small tables which were most attractive with their decorations of candlesticks and small vases filled with sweet peas and feathery sprays of maidenhair fern fronds. Monogrammed cards marked the place covers for seventy guests and bridge and mah jong were the features of the afternoon's entertainment.

At El Caballero Club.
Two hundred invitations have been issued for a breakfast party to be given Sunday at the El Caballero Country Club, where the governors of the club will be hosts and breakfast will be followed by golf over the championship course of the club links. Several large dinner parties are planned for the coming Sunday, among those entertaining being Mr. and Mrs. Andrew Fluke who will have forty guests. Mrs. Frank J. Demond is arranging for two luncheon parties to be given on successive days next week, Mr. and Mrs. Joseph Zook and Mr. and Mrs. George Merritt were hosts at dinner parties at the club last Sunday.

At La Jolla.
Mrs. Andrew Lobinger of 511 Westmoreland avenue, has been enjoying a delightful sojourn at the La Manana in La Jolla recently.

Delightful Tea.
Honoring its new pledges Nu Omega Alpha sorority, University of California, Branch, entertained with a formal presentation tea yesterday afternoon at the city in Miss Laura Payne, 1011 Hampshire street. In the receiving line were Miss Dorothy Millington, Miss Laura Payne, Miss Helen M. Howell and Mrs. Florence Shirley. Those pledged were Miss Genevieve Abbott, Miss Lucille Kildridge, Miss Esther Fluke, Miss Alberta Gamba, Miss Winifred Givann, Miss Alice Gregory, Miss Gilda Gudnussen, Miss Margaret Gudnussen, Miss Mildred King, Miss Martha MacDonnell, Miss Ruth Peiffer, Miss Marjorie Newton, Miss Kathryn O'Connor, Miss

Martha Todd and Miss Elsie Whitney.

Home Again.
Mr. and Mrs. Alfred Brown (Hastings) returned last Saturday from an extended tour through the Southern and Eastern States, and are now domiciled for the winter in the recently completed home at 307 North Porthill Road, Beverly Hills.

Sorority Tea.
Theta Pi, newly installed chapter of Delta Delta Sorority at University of California Southern Branch, will present its pledges at a tea this afternoon to be given at the chapter house, 1011 North Berendo street. After a most successful rushing season it will be a gala party at the home of Dr. and Mrs. Emmet Conn, a football luncheon, a cabaret dinner at the chapter house and banquet at the Mary Louise. The pledges are Miss May Brittain, Miss Esther Christensen, Miss Le Verne Herman, Miss Anona Martin, Miss Laurene Medina, Miss Deborah King, Miss Lorine Smith, Miss Marian Waller, Miss Allene Wilson and Miss Elaine Zeller.

CHARMING SORORITY PRESIDENT Pledges Entertain Members at Dinner

Miss Laura Payne

Among the charming members of the young college set in the city is Miss Laura Payne, who is president of the Alpha Tau Zeta Sorority at University of California Southern Branch. The active members of this sorority were

honor guests last evening at a benefit chicken dinner with which the pledges of the sorority entertained at the chapter house in North Hollywood Drive. Following the dinner a delightful program was presented by the hostesses.

Martha Todd and Miss Elsie Whitney.
Honoring its new pledges Nu Omega Alpha sorority, University of California Southern Branch, will present its pledges at a tea this afternoon to be given at the chapter house, 1011 North Berendo street. After a most successful rushing season it will be a gala party at the home of Dr. and Mrs. Emmet Conn, a football luncheon, a cabaret dinner at the chapter house and banquet at the Mary Louise. The pledges are Miss May Brittain, Miss Esther Christensen, Miss Le Verne Herman, Miss Anona Martin, Miss Laurene Medina, Miss Deborah King, Miss Lorine Smith, Miss Marian Waller, Miss Allene Wilson and Miss Elaine Zeller.

Two Agents Named by Union Pacific.
The appointment of C. A. Redmond as general agent of the Union Pacific at Glendale and Madison H. Fowler as passenger and traffic agent at Pomona, was announced yesterday by T. C. Peck, general passenger agent of the Union Pacific system. Mr. Redmond will have his headquarters at 119 South Brand Boulevard, Glendale, and Mr. Fowler's headquarters will be in the Union Pacific station at Pomona.

Delicatessen Owner Robbed in Daylight.
In a daylight hold-up yesterday, Mrs. M. D. Pitta, owner of the Green Tea Cafeteria, 5307 West Eighth street, lost \$31, according to her report to the police. She described the robber as tall, slender and well-dressed. There was no one else in the place when he entered and he fled for 10 cents worth of dill pickles. While she was obtaining them for him he drew a revolver and forced her to hand over the contents of the till. He left by the rear door, warning her not to notify the police for two hours.

New York State has twice as many gainfully employed women as in any other state in the Union.

ROQUEFORT DRESSING.
Place in a bowl half a cupful of Roquefort cheese crumbs, add one teaspoonful of butter and mix smooth; add half a teaspoonful of salt, half a teaspoonful of paprika and half a teaspoonful of mustard. Rub smooth, beat in slowly two-thirds of a cupful of olive oil and beat three minutes. Beat in four tablespoonfuls of lemon juice and beat one minute.

CLAM CHOWDER.
Place in a bowl half a cupful of Roquefort cheese crumbs, add one teaspoonful of butter and mix smooth; add half a teaspoonful of salt, half a teaspoonful of paprika and half a teaspoonful of mustard. Rub smooth, beat in slowly two-thirds of a cupful of olive oil and beat three minutes. Beat in four tablespoonfuls of lemon juice and beat one minute.

Burr's Art Contest and.... Burr's Milk—the talk of the Town

SCHOOL children all over town are talking about Burr's \$25 Prize Art Contest, and their mothers are talking about the wholesome goodness of Burr's Milk.... pure fresh milk that makes happy, hippity-hopping, laughing children—tomorrow's healthy grown-ups.

... While the Burr's Art Contest helps develop artistic talent—BURR'S MILK is building sound and robust bodies that will withstand the rigors of life.

... Mothers should encourage their children to try for the prizes of money we are offering each month—the rules of the contest tell you how.

... AND they should encourage them to drink plentifully of Burr's Milk because it is the only food that contains all the vitamins necessary to sustain life. Furthermore it is economical.

... Try BURR'S MILK—phone today for service...it is delivered to your home in clean sterilized bottles...rich and pure.

Burr's Schoolchildrens \$25 Art Contest

This is the first of a series Burr's milk advertisements that will appear twice a month in this newspaper. The illustration in each will be a group in which the Burr Bear is doing something unusual.

Clip this and all succeeding advertisements, color the pictures with crayolas or water colors mail them promptly with your name, address, and school name plainly printed on them, to the Burr contest department 739 So. Hope St., L. A. You may be the one to win a prize. Try it. No coupons to save—nothing to sell—nothing to buy.

The Judges are:
FLORENCE AMES,
Teacher of Art, Belmont High School
JOHN D. ROCHE,
Radio editor & Typographic Service
CHET CRANK,
Smith & Potts Advertising Agency
and their verdict will be final in the awarding of the prizes each month.

CHAIN DRUG STORE EXPRESSION OF FAITH IN CITY'S GROWTH

McCulloch Company To Open Seventh Place

Location of New Location at Santa Barbara and Figueroa to Celebrate Tomorrow

The new store opens in what is already a well-developed and rapidly growing business center with an assured future and occupies the corner location in one of the finest motion-picture theaters buildings in the world, said to represent an investment with its equipment of \$1,000,000, and having Los Angeles' largest and most elaborate electric sign.

Other stores in the McCulloch chain are at Sixth and Alvarado, established in 1915; at Sixth and Vermont, established in 1920; at Third and Western and at Sunset and Stanley, established in 1922; at Third and La Brea, established in 1924. This last store, which is about eight miles west of the original McCulloch location, is in the center of what was in 1912 one of the city's outlying oil fields. Mr. McCulloch also has established stores in South Pasadena and El Centro, both of which have been sold in line with the company's policy to confine its operations strictly to the Los Angeles field.

STEADY EXPANSION
The record shows that the growth of the McCulloch company's business from \$60 to \$1,400 a day has not been sensational but has kept pace steadily with the growth of Los Angeles and the expansion of its residential and business activity.

LEADS IN DRUG SERVICE
By F. G. McCulloch
Features that money can buy and the stores generally are models of convenience. Much of the drug-store equipment now in use has been designed and manufactured here and a number of features of retail drug-store equipment which originated in this city have come into general use throughout the country.

The Los Angeles retail drugstore gives a service to the customer that is unequalled in the United States. It has been my privilege to see and study the drug business in all the principal cities of the United States and I can say without reservation that none of them affords drug-store service that can compare with Los Angeles.

Beginning with one store in Los Angeles in 1912 the McCulloch chain drug stores have expanded to the present imposing array picture above. These stores dot the city in spots best adapted for extending service to every home in Los Angeles.

FRED MILLER'S GLORIOUS NEW THEATRE, THE FIGUEROA

Extends Hearty Greetings and Sincere Congratulations to

McCOLLOCH DRUG Co.

Upon the Opening of Your Beautiful New Store in our new building and bespeak for you the confidence and patronage here that your reputation and superior service have gained for you all over Los Angeles, and express the wish that your customers will enjoy your store as they are now enjoying

(Continued from Ninth Page)

area. Further expansion of the chain is indicated by the recent filing of new articles of incorporation which increase the company's capitalization to \$1,000,000. Mr. McColloch stated yesterday that this increase has been made because he expects the growth of Los Angeles to be as great in the early future as it has been in the immediate past and that his company will be prepared to expand as conditions justify. While he declined to comment on a report that the company is considering further downtown locations, he said that additional stores probably will be opened during the coming year in a number of growing neighborhood business centers.

Until the opening of the store at Ninth and Spring streets, the McColloch chain has not been a contender for business in the central retail district. The stores have been stocked and managed along lines designed to appeal particularly to the family trade. Unlike the vast majority of present-day retail drug stores, the McColloch stores continue to do an extensive credit business, having more than 2500 charge accounts on their books at the present time. The company

(Continued from Tenth Page)

service, Mr. McCulloch says, has been an important factor in the growth of his stores, enabling them to develop and hold a city-wide patronage from neighborhood locations which otherwise would have been confined to trade zones of a few surrounding blocks.

Mr. McCulloch points out two other features of his policy as having aided materially in developing his business. One of these is his close attention to national advertising and his policy always to be ready with stocks of nationally advertised products marketed through the retail drug trade. The other is the company's specialization in perfumes and toilet articles. The central stockrooms, which, with the company's offices, are located in the store at Sixth and Vermont, are said to contain one of the largest stocks of toilet articles and perfumes in the West and to comprise the products of every well-known producer in America and Europe.

LIVED HERE 18 YEARS

Mr. McCulloch came to Los Angeles eighteen years ago from Memphis, Tenn., where for seven years following his graduation as a pharmacist he represented Parks, Davis & Co., manufacturing druggists of Detroit. He represented that company on the Pacific Coast for seven years after coming here, and until he opened his first store in 1912. In addition to the sole ownership and direction of an active retail business that has doubled many times over, Mr. McCulloch has found time to take an active part in the work of the organized drug trade of the Coast. He has served on many committees, and in a number of official positions in the Los Angeles and Southern California Retail Drug Association and was president of that association during 1924. He is now serving as president of the California State Pharmaceutical Association to which office he was elected at the association's annual convention in Del Monte in May of this year.

His son, Leland J. McCulloch, now a member of the junior class of Leland Stanford University, is doing his major work in chemistry and pharmacy in preparation to entering the business upon his graduation.

Easy Money

Prohibition Administrator John A. Foster was telling stories to a reporter.

"A little fellow over on the west side," he said, "is making a fortune out of prohibition. You see, he manufactures a harmless beer substitute and he plasters the bottles all over with the warning label: 'Warning! It is illegal to open this bottle and ingest three ounces, as same would make contents intoxicating.'"

Handicapped

"I'll tell you what let's do," proposed Betty. "Let's play 'Don't Ask'."

"No, let's don't," Bobby thought over the proposal in silence and at last replied.

"Why not?" inquired his sister, answered Bobby.

"Well, what's the use? My hoarseness is all gone."

NEW STORE IS HOME PRODUCT

(Continued from Eleventh Page)

play window frontage of both Figueroa and Santa Barbara avenues. Specially designed electrical equipment for both windows and signs makes the store front a blaze of light and color.

The interior of the store is a model of convenient arrangement. The prevailing color scheme is a soft brown, which provides an effective background for an unusually elaborate array of glass display cases and merchandise counters. The soda fountain is one of the largest in the city.

The new store boasts a feature which is wholly new in Los Angeles drug-store equipment. This is a refreshment balcony which extends over the soda fountain and along one side of the store. It is reached by stairways at each end, and is provided with booths and tables for fountain and luncheon service.

A Hello

Little Roger, spending a holiday on his grandfather's farm, was permitted to beguile the hours of a wet day by turning over the leaves of the family Bible.

Suddenly he looked up from the faded pages and quaint pictures and called out:

"See what I've found, grannie! In his hand he held a leaf, old and dry, and after a few moments' reflection he added:

"Do you think it belonged to Adam and Eve, grannie?"—[Exchange.]

PUT EASTSIDE INSIDE THE PERFECT BREW

EASTSIDE should be on every table instead of ice-water.
EASTSIDE is good for the whole family. It adds ZEST to the meal, aids digestion and makes food taste better.

Eastside Is Sold by All McCOLLOCH DRUG STORES.

Sincere Wishes For Continued Success to McCULLOCH DRUG Co.

FLASHES
STAR'S BROTHER
BANKY FAMILY GIVES BOY TO
PHOTOPLAYS
By Grace Kingsley
The Banky family of Budapest,
Hungary, is going to be well re-
presented in pictures. Now that
Vilma Banky, the lovely young
actress who seems likely to win to
the very highest place in pictures,
has done so well since she came
to this country, it became known
yesterday that her brother, Julius,
is shortly to come to Hollywood to
start a picture career.

Along with this intriguing piece
of news comes the revelation that
the real name of the Banky family
is Banky-Koncsics, which you pro-
nounce with your conscience as
your guide. It is likely, says Miss
Banky, that her handsome brother,
who, by the way, has black
hair and dark gray eyes, will take
the name for screen purposes, of
Julius Koncsics—unless he falls in-
to the hands of some producer who
happens to fancy the name of Per-
cy Montgomery, for example.

The young Julius Banky-Koncsics
is to work, like his sister, for
Samuel Goldwyn. He had had but
a year's experience in pictures, over
in Hungary, with the same com-
pany in which Miss Banky has been
peppered, but already he shows the
family genius for acting. At present
he is in Cuba, and the exact date
of his arrival is not yet known, but
it will be within the next few
weeks.

"I have not seen my brother for
two years," said Miss Banky, "and
I shall be most happy to be with
him. We are going to keep house
together. You know I have a most
charming home here."

**D. W. GRIFFITH AND
PLAYERS HERE SOON**
Well in time to do their Christ-
mas shopping in this snowless
country, D. W. Griffith, Carol
Deming, star of his picture, "The
Birth of a Nation," and several of
the members of the not ed
director's staff will arrive here
according to report.

The exact date of the Griffith
force's arrival is not yet set, so far
as could be learned, but it seems
certain that before the new year
the great director will have begun
work on "The Sign of the Cross,"
which he is to make for Paramount,
and "The Great Thing in Life,"
which he has made for News State.
Since then he has been making his
pictures in New York and Europe.
Carol Deming is a Los Angeles
girl, and she is most anxious to re-
turn to her home, especially as
she has bought a beautiful home
in Hollywood.

Baby Actress Chosen
Speaking of Paramount activi-
ties, the long search for a child
actress who resembled Florence Vi-
dor and who is to appear with
the star in "The Sign of the Cross,"
was ended yesterday when it was
announced that 3-year-old Mary
Elizabeth Dow has been chosen
from some 300 other children
to play the child role.

Mary Elizabeth will play the
part of Miss Vidor's daughter,
and to Miss Vidor's daughter, and
she has bought a beautiful home
in Hollywood.

Leatrice Joy
Heroin of "The Wedding Song," which will have its premiere showing
at the Forum Theatre Saturday.

what a power spiritually!" he said.
"I used to take her by the hand
and say, 'Come, Janie, we'll go out
and kill a bear today. I won't let
him hurt you.' 'Oh, that'll be
grand,' Janie would answer. 'We
won't go out to kill the bear. But
when he came along, I was some-
how Janie who killed him. Then
she'd take the skin and put it
around me to keep me warm! That
somehow, was always the way it
turned out with Janie and me.'"

Richard Thorpe Signs
What is said to be one of the
highest salaries ever paid by an
independent director was written
into a contract recently by
Richard Thorpe, and Action Pic-
tures Corporation, whereby
the young magnate-wielder
will make a series of ten fea-
ture films for the
company in making temporary
headquarters.

Thorpe, though still under thirty
years of age, has been affiliated
with the motion-picture industry
for more than seventeen years,
starting as a camera actor in the
early days. His work as a direc-
tor attracted considerable attention
in the production of "Irene,"
Miss Moore's next picture.

Don Meany has been annexed to
First National Productions, as busi-
ness manager for Colleen Moore.
Meany is one of the best known
film men in the industry. He as-
sumed his new duties this week
with the production of "Irene,"
Miss Moore's next picture.

PLAYDOM
"EVERYMAN"
MORALITY PLAY MOVING IN
SPIRITUAL BEAUTY
By Edwin Schallert
"Everyman" has again proved
the power of its simplicity and in-
spiration. This twelfth century
morality play, occasionally pro-
duced in the past two decades, is
being given at the Potpourri Art
Theater, and the opening presen-
tation found the audience pecu-
liarly receptive to the quality of its
beauty.

Henceforth the majority of the
plays offered at the Potpourri have
been of the modern and ultra-
modern type. But this present
production is a return to drama
in its pristine form as created in
the Middle Ages, when the repre-
sentation of plays was still closely
associated with a religious mean-
ing.

"Everyman" was revived in the
Elizabethan manner some twenty
years ago by the Ben Greet
Players, and at that time became
widely familiar, although it has
seldom been given since then. The
last production here was the
highly embellished one of Richard
Ordynski. I believe, that was
presented some ten seasons ago.
It is really curious how deeply
impressive this dramatic creation
has remained through the cen-
turies. Though it is a study in
the effects of death, and has a
character that is in essence sym-
bolic, it is never conscious of any
feeling of tragedy. The emotions
that are conjured by it are those
rather of a moving spiritual
beauty.

Striking, too, is the fact that
the technique somewhat resembles
the most advanced of modern
dramas. The play permits of
what might be termed an "ex-
pressionistic" interpretation. The
characters, of course, are symbolical
of human qualities, faculties and
possessions. Numbered among
them are Fellowship, Kindred,
Good Deeds, Knowledge, Beauty,
Strength and Discretion.

In general aspects the Potpourri
production, staged under the di-
rection of H. Ellis Reed, recalls
that of Ben Greet, though it aims at
a more modern mode of interpreta-
tion. The stage settings are of
the simplest. The more earthly
characters enter down the aisles
where the audience is seated.
Those only that represent the
more personal attributes of Every-
man appear from the stage.

The play itself is undoubtedly
the most difficult that has been at-
tempted by the Potpourri, and
especially creditable in character
were the later scenes last evening.
These rose to a very convincing
height of spiritual feeling. The
earlier episodes in the play were
somewhat delayed in tempo.

The little character was played
by Ruth Helen Davis. It is quite
customary to have a woman as-
sume this role. One could have
asked for less of dramatic em-
phasis in her portrayal, and
more of realistic feeling, but her
work toward the close was ex-
ceedingly commendable, and she spoke
the difficult lines of the play
throughout with convincing clarity.

The most even and telling inter-
pretation was that of Marekova
in the role of Knowledge. Feeling
and grace were well expressed by
her acting.

Excellent also in dramatic vigor
was the brief appearance of H.
Ellis Reed as Goods and Riches.
Reinhardt Foxglove was effective
as the Messenger.

Lydell Knott, Boyd Irwin, Robert
Gordon, Mary Welles, Joseph H.
North and Madeline Ashton, among
the others, merit mention. Garnet
Holmes gave an interesting in-
terductory talk on the play.

John Sainpolis began work in
First National's version of "Zai
Cry," today. This production is
Balbon's initial effort for the First
National organization.

J. Grubb Alexander has com-
pleted the scenario for the second
Ralph Ince Production of his series
of Jack London stories.

SISTER ACCUSED IN DIVORCE SUIT

Wealthy Broker Charged With Infidelity

Mrs. C. C. Horsford Asserts Property is \$300,000

Complaint Follows Report of Detectives

A most unusual version of the so-called eternal triangle was recorded in the Superior Court here yesterday when Mrs. Bertha M. Horsford filed suit for divorce from Clark C. Horsford, wealthy investment broker with office at 211 West Third street, naming her sister, Mrs. Mary Smith, secretary to Mayor Holcomb of San Bernardino, as co-respondent.

The suit filed by attorney J. Marion Wright charges mental cruelty and improper conduct against Horsford. Mrs. Horsford also demands \$500 a month alimony pending trial of the suit, in addition to this she charges that property standing in the name of ten other persons really belongs to her husband but that the names of the other people are used "by the defendant for the purpose of defeating the plaintiff's community interest."

It was learned from Attorney Wright last night that the majority of the charges in the complaint are based on an investigation conducted by operatives of the W. B. Lockenbach private detective agency, who have been in Mrs. Horsford's employ since last November.

The improper conduct charges are based on assertions that "the defendant, together with the co-respondent, Mary Smith, have ridden in an automobile together in public in San Bernardino and elsewhere, and have driven into the mountains on a hunting trip, and have been in each other's company openly." Furthermore, the complaint charges that Horsford and Mrs. Smith rented a room in the Larchmont Hotel in Los Angeles as Mr. and Mrs. J. S. Brown, rented rooms in a Bakerfield hotel and occupied the same room in an Anaheim hotel on various occasions.

The principals in the Horsford case are all past 40 years of age but Mrs. Smith is said to be older than her sister. Last night Mrs. Horsford declared that friendly relations were maintained between herself and her sister until she became suspicious of what she termed as her sister's interest in Horsford and hired the Lockenbach detective to watch him.

The complaint asserts the Horsford case was started in San Francisco January 21, 1933, and repeated February 11 of this year, after she learned that her sister and her husband were living together.

Mrs. Smith was formerly the wife of Charles E. Smith, a prominent San Bernardino banker who died about two years ago. She took an active part in her husband's business and was his secretary after he became ill.

Rita Carove Admits She Likes Tom McDonald But They Must Fill Each First

Romance must wait on the dollar in the case of Rita Carove, daughter of Edwin Carove, film producer, and Tom McDonald, Los Angeles real estate man.

It was revealed yesterday by Miss Carove, who admitted she and McDonald "have been going together" for two years and that their feeling for each other is stronger than friendship.

The actress showed a wristwatch, bearing the word "Sweetheart," to a number of friends yesterday at the United studio and revealed she had purchased it for McDonald.

"When questioned about her reported engagement to McDonald, she said: "Tom and I are just like a lot of young people. We must wait a little while until we have money. We have been going together for two years now and I like him better than any man I have ever met. Daddy likes him, too. In fact, Tom is one of the few men I ever introduced to daddy of whom he approved."

Miss Carove was signed on a long-term contract by New York with his latest picture, "Johnny." It was in this picture that Miss Carove played her first part and it was on the strength of her work that Carove secured her

WIDOW OF EX-CONSUL SUCCEUMBS

Mrs. Ellen B. Murphy Dies in Pasadena at Age of Ninety-five Years

By a "Times" Staff Correspondent
PASADENA, Nov. 10.—Funeral services for Mrs. Ellen B. Murphy, 95 years of age, who died at her home, 936 North Michigan avenue, here Monday, will be held from All Saints Episcopal Church, Pasadena, at 11 a. m. tomorrow. Rev. Louis L. Ward, rector of All Saints Church will officiate.

Mrs. Murphy was the widow of W. W. Murphy, consul at Frankfurt, Germany, during President Lincoln's administration, she came to the Coast from New York State six years ago and lived in Los Angeles until two years ago when she moved to Santa Barbara and later to Pasadena.

Two Sides of Unusual Triangle

Pair Charged With Indiscretions
Mrs. Bertha M. Horsford accuses her sister, Mrs. Mary Smith, shown above, of improper conduct with her husband, C. C. Horsford, investment broker, shown in inset.

BOULEVARD FRANCHISE FEARING SET

Highway Commission Will Hear Belvedere Petition for Car Line on Whittier

The State Highway Commission will meet here on Monday, the 13th inst., to consider the request of the Belvedere Improvement Association for a street railway franchise on Whittier Boulevard extending several miles farther than the Los Angeles city limits. It was announced yesterday by Commissioner Edwards.

Other matters will be the awarding of bids and a discussion of overhead crossing over the Santa Fe tracks at Del Mar and Carlsbad. The commission will decide what part of the crossing costs shall be paid by the railroad.

Steele Findley is the lowest bidder at \$184,418 on specifications calling for the reconstruction of fourteen miles of highway between Castana and Riverside and probably will be awarded the contract. F. C. Payton is the lowest bidder at \$17,747 for reconstructing fifteen miles of road on the Ridge Route north of Castana.

SLAYER OF TWO FOUND DERANGED

Keyes Will File Lunacy Complaint Against Aged Lancaster Rancher

Acting upon recommendation of Dr. Victor Parkin, county alienist, Dist. Atty. Keyes within the next few days will file a lunacy complaint against Silas Kirkpatrick, aged Lancaster rancher, who now is in the County Jail awaiting trial for the murder of Gerry Roach and a freedman, local real estate man.

Dr. Parkin's recommendations were based upon a personal investigation into the mental condition of Kirkpatrick, according to Dr. Parkin, is suffering from paranoia, a chronic form of mental derangement characterized by systematic delusions of persecution which eventually culminate in violence. The mental disease is characterized by Dr. Parkin as extremely dangerous.

Roach and Freeman were slain by Kirkpatrick when the latter became obsessed with the idea that they were agents of another man bent upon killing him by administering poison.

While definite date for filing the lunacy complaint has not yet been set, it is expected to be rushed through as rapidly as possible to allow the lunacy Commission to conduct its hearing.

More Pay for Firemen Urged by Rochester

Favoring an increase in pay for city firemen and urging co-operation for the public's support in a move to obtain the increase, Fire Commissioner George Rochester was the principal speaker last night at a gathering of more than 800 permanent members, ex-service men, at headquarters hall at Second and Hill streets. Freeing several addresses, a banquet and program of entertainment were enjoyed with six acts of vaudeville furnished by the Metro-Gwyneth-Mayer studio.

Other speakers during the evening included Byron Pitts, chief deputy district attorney, Perry Weidner, local banker, Fire Chief Scott, and Frank N. Insley, Police Commissioner. Charles Brown, chairman of the city intergroup council of the American Legion, was toastmaster and introduced the speakers. Each of the speakers stressed the point that the fire fighters were deserving of a pay increase and urged concerted action toward that end.

WILD LIFE PROTECTORS IN MERGER

Fish and Game Groups to Complete Consolidation in Incorporation

Articles of incorporation will be drawn and filed later to perfect the consolidation of two associations interested in the propagation and preservation of fish and game in Southern California. It was announced yesterday by a conference of the officers of the two organizations at the headquarters of the Southern California Association of Game and Fish Association, which had a combined membership of 2500. E. L. Crutcher and W. B. Thomas were appointed as members of a committee to draft the articles of incorporation and to act under the name of the Southern California Sportsmen Association, Inc.

An early meeting of the new association will be held to map out the program. The directors of the two associations are interested in the propagation and preservation of fish and game in Southern California. It was announced yesterday by a conference of the officers of the two organizations at the headquarters of the Southern California Association of Game and Fish Association, which had a combined membership of 2500. RICH MAN'S SON FINED FOR THEFT

Scion of Big Ben Clock Founder Pleads Guilty in Santa Barbara Court

(SANTA BARBARA, Nov. 10.—F. W. Matthieson II, originally charged with grand larceny for the theft of a \$1000 Liberty Bond from Evans S. Pillsbury II, who lives near Montecito, was allowed to plead guilty to a petty larceny charge before Justice C. H. George today. He was fined \$250 and given a six months' suspended County Jail sentence.

Matthieson, who was recently convicted in the same court of possession of liquor and fined \$250, left for his father's ranch in Montana immediately upon conclusion of the case. He is the son of F. W. Matthieson, II, millionaire sportsman of Triunfo, Ventura county, and the grandson of F. W. Matthieson, who founded the Big Ben Clock Company.

Considerable mystery enveloped the case. Pillsbury, who is a mistake impression that it is necessary for them first to receive a notice from the city treasurer by post card or letter. This is not the case. The original notice which is given is published in the official gazette of the city and furthermore, the law is based on the assumption that property owners have knowledge of the improvements being made in the vicinity of their property and that they are in a position to make inquiry concerning the dates and amounts of such assessments.

A penalty of 1 per cent on delinquent assessments is added to the principal amount. The penalty of 1 per cent is added on each month thereafter.

Delinquent assessments are payable at the office of the City Treasurer while county assessments are payable at the office of the County Treasurer.

DRY ENFORCERS WILL SPEAK AT LUNCHEON

Col. R. E. Fritz, Federal Prohibition Director for this district, and Assistant United States Attorney Bowen, assigned to prosecute prohibition violation cases, will be the principal speakers at the Los Angeles Exchange Club luncheon at the Biltmore tomorrow. C. H. Mansfield of the Fitzgerald Music Company will have charge of the meeting. George S. Greene, assistant cashier of the First National Bank of Los Angeles and president of the Los Angeles Club, will preside.

A novel entertainment feature has been arranged by Mr. Mansfield, being a public demonstration of the new Brunswick Panatone.

MRS. LOCKHART'S FUNERAL TODAY

Pioneer Residents to Pay Their Final Tributes

Death of Aged Widow Laid to Fall from Porch

Early Settler in Pasadena Native of Pittsburgh

Pioneer residents of Los Angeles will join today with relatives in paying last tribute to Mrs. Jennie Parker Lockhart, widow of a pioneer California resident, who died Sunday night as an indirect result of injuries received when she fell on a porch at the home of her daughter, Miss Fannie Lockhart, at 3448 Third avenue. Funeral services will be conducted this afternoon at 2 o'clock from the parlors of the Connel Company, 1219 South Hope street, and interment will be in the family plot at Greenwood Cemetery.

Mrs. Lockhart, who was 84 years of age, suffered a fracture of her hip in a fall two weeks ago. Up to the time of her injury she had been active despite her age and the decline in health that preceded her death is held due to the accident.

Fifty-two years ago Mrs. Lockhart with her husband and children came to California from their home in Pittsburgh, Pa. The couple had been married in 1886 on a farm at Belleville, Ind. Mrs. Lockhart married the older of two brothers, Levi Jessup Lockhart. Her younger sister a short time later married the younger brother, Thomas J. Lockhart. The latter couple live in Los Angeles making their home at 1219 South Hope street.

The two brothers came to California at the same time and first settled in Anaheim, where they entered the cattle business as partners. They then moved to Pasadena and were among the founders of that city. After several years' residence in Pasadena, both brothers moved to Los Angeles.

In November, 1904, Levi Lockhart died in this city and his widow continued to make her home here, where her children and grown up and settled. A son, Otto Lockhart, for years prominent in Los Angeles financial and real-estate circles, died in 1910 and since that time Mrs. Lockhart made her home with her daughter.

Besides the daughter and sister, Mrs. Lockhart leaves two brothers, J. E. Parker, Orange, and Ed Parker, Santa Ana, and two granddaughters, Mrs. Ethel Lockhart Thompson, 2171 Highland avenue, and Mrs. Kathleen Lockhart Manning, prominent in Southern California musical circles, who lives at 3211 Westshire Drive.

FILM ACTOR ARRESTED IN LIQUOR RAID

Misplaced Confidence in Fruit Juice Permit Lands 'Bull' Montana in Trouble

Louis "Bull" Montana, victim of misplaced confidence, spent two hours in the County Jail yesterday after being arrested in a liquor raid. The motion picture actor, who lives at 918 Curson street, was arrested while he was in the act of selling 175 gallons of wine in his cellar. He was also found with ten small barrels of alcohol, a flask of gin flavored, a hydrometer and three alphas, in addition to quantities of assorted wines and liquors. Mentry was charged with manufacture and possession of liquor and was bailed out to appear in Alhambra.

The deputies also made a number of smaller raids. The motion picture actor, who lives at 918 Curson street, was arrested while he was in the act of selling 175 gallons of wine in his cellar. Assessments on Improvements Due January 2

City and county improvement assessments will be due January 2, 1934, and all property owners are advised that a long wait in line at the treasurer's office may be avoided by paying assessments at once.

Many property owners have a mistaken impression that it is necessary for them first to receive a notice from the city treasurer by post card or letter. This is not the case. The original notice which is given is published in the official gazette of the city and furthermore, the law is based on the assumption that property owners have knowledge of the improvements being made in the vicinity of their property and that they are in a position to make inquiry concerning the dates and amounts of such assessments.

'PEONAGE' CASE PRINCIPALS HIT

Labor Commissioners Score Natural Soda Plant

Employment Agency Man Gets Reimbursement Hint

Ordered to Make Effort to Pay Several Mexicans

In ordering R. Rodriguez, proprietor of a North Main-street employment bureau, to make a bona-fide effort to reimburse several Mexican laborers for asserted losses they sustained in the so-called "peonage" case by accepting employment through his agency, Deputy State Labor Commissioner Barker and Low yesterday gave an official opinion dealing in rather severe language with conditions said to exist at the Natural Soda Products Company's plant near Keeler.

All employment agencies will be notified that until further notice no men may be sent to the plant at Keeler unless prevailing conditions, as described in the opinion, are fully stated in writing in every contract of employment, according to the opinion, Rodriguez is ordered to comply with the last order, will be made subject for revocation of license, the opinion states.

FORMAL COMPLAINT
A. P. Lopez entered formal complaint with the Labor Bureau Comptroller against the Natural Soda plant by General Superintendent, in the opinion, Lopez and his associates testified at a formal hearing that the place was a soda-water factory, where they could drink all the soda water they wanted and that they would receive 10 cents an hour for a nine-hour day.

The Mexicans testified, the opinion continues, that upon their arrival at Keeler, Labor Foreman Roberts told them that the only employment available consisted of twelve-hour jobs in the lagoon loading sacks of soda.

The workers were, then, started to walk back to Los Angeles, 275 miles, without having any money. The next day, they said, they were overtaken sixteen miles from the plant by a man named Rodriguez, who is also a deputy sheriff, and were taken back and held in a room with only sacks to sleep on.

PEONAGE CHARGE
The next day, it is said, they were taken to a residence and four of the men were given the alternative of \$25 or twenty-five days in the county jail. Rodriguez denied knowledge of such conditions at the hearing. Only payment by Rodriguez of about \$100 each to the four convicted laborers will be required as a bona-fide effort on the part of Rodriguez to fulfill the order of the Labor Bureau, according to Deputy Low. The time in jail is to be given until the 31st inst.

First Luncheon in New Quarters of Masonic Club

Celebrating the opening luncheon in their new quarters on Grand avenue between Sixth and Seventh streets, the Masonic Club of Los Angeles dining-room was filled to capacity yesterday noon.

The speaker was Maj. C. C. Moore, commanding the California National Guard Air Service, who gave a talk on the "Development of Aeronautics." Illustrated with a film depicting the bombing of warships recently taken by the government.

A musical program was presented by the Masonic Club orchestra under the direction of Carl F. Peris.

Advantage was taken by the members present to inspect the new quarters, which are handsome and furnished and include the latest club equipment.

Construction of Loft Building on Pico Under Way

Construction is under way on the northeast corner of Pico and Maple streets on a ten-story loft building for Lloyd and Casler, Los Angeles builders. It was announced yesterday by the architectural firm of W. Douglas Lee. It will cost \$350,000.

The site for the structure has a frontage on Pico Boulevard of 100 feet and a depth of 120 feet. The building was designed in a modern architecture and will be built of reinforced concrete. Finishing on the exterior in face brick.

The construction work is being done by the W. Douglas Lee concern, architects and construction engineers.

WOMAN'S FALL DOWN SHAFTE ACCIDENTAL

The death of Mrs. Elizabeth Moyle, who fell ten stories down the elevator shaft of the Hibernian Bank Building Monday, was accidental, according to the inquest held yesterday at Pierce Brothers morticians. Funeral services for Mrs. Moyle will be held at the Hollywood Mausoleum.

NEW NAME FOR STREET UNDER FIRE

Vermont Association Asks Defeat of Petition for Beverly Boulevard Plan

The Vermont-Beverly Association issued a statement yesterday declaring opposition to a change of the name of Temple street to Beverly Boulevard, as petitioned for by Temple-street property owners. The petition is pending before the City Council, which also is considering another petition asking that West First street be renamed Beverly Boulevard.

The Vermont-Beverly Association suggested that if another name than Temple street be desired then City Center avenue be selected. The association said in part: "The opposition to naming Temple street, Beverly Boulevard purely on the grounds that it is not proper from a legitimate traffic standpoint. Includes: The Hollywood Chamber of Commerce, Beverly Hills Chamber of Commerce, Los Angeles Realty Board, Pacific Palisades Improvement Association, First and Alvarado Improvement Association, Larchmont and Beverly Improvement Association and Westwood Community Association and Vermont-Beverly Association."

ARTLANDERS RECEIVE FOR NEW CHIEFS

Notable Company Attends Artists' Club Function at Gaylord Apartments

A reception in honor of Dr. Karl T. Waugh as president of the Artland Club and Carrie Jacobs Bond and Howard Chandler Christy vice-presidents was held at the Gaylord Apartments last night. The reception, which was formal, brought together the greatest aggregation of artists in the field of the fine arts ever seen in Los Angeles. Some 800 persons attended. The purpose of the club is to bring within the organization southern California artists from all fields of endeavor, such as painting, sculpture, writing, composing and the like, for fellowship and mutual understanding.

Dr. Marian Tracy Whiting, as hostess, introduced John Cotton, president of the Painters' and Sculptors' Club and the California Water Colors Society, as master of ceremonies. The principal address of the evening was delivered by Dr. Waugh, his address being in the nature of an inaugural address. He is dean of the college of liberal arts at the University of Southern California.

GIRL SEEKS THRILLS OF PRISON LIFE

Flapper Takes Jail Term Rather Than Pay Fine "Just for Experience"

Jean Lamathe, bobbed and tanned, had never been to jail, so she naturally leaped at the chance when Justice Scott offered her the alternative of 160 or five days on a speeding charge yesterday.

Miss Lamathe, who has dubbed the "forty-mile-an-hour flapper" by police, was arrested at 3 a. m. on the outskirts of Hollywood, charged with making that speed.

"I've never been to jail and I crave the experience," she said, declining to pay the fine.

Deputy Constable Ward advised her that she might find the jail not entirely up to her expectations, in which case she could exercise the feminine prerogative of changing her mind about the fine.

The prisoner shrugged and said she'd find out what jail was like anyway, and started on her venture in custody of Deputy Constable Wilson.

In contrast to deficits shown in previous years, the State railway in Italy this year boast of a net income of \$1,000,000.
